Florida Bright Futures Community Service/Paid Work Hours Requirement

Per The state of Florida, eligibility for a Florida Bright Futures Scholarship award requires that students meet minimum grade point averages (GPA), test scores (SAT, ACT or CLT), and complete certain courses. For specific requirements concerning GPA, test scores and courses needed, please see the Florida Bright Futures Website and/or contact your high school counselor. Scholarship eligibility also requires that students complete community service or paid work as approved by the local school district for the Florida Bright Futures program. Students must be a high school student, enrolled in grades 9-12. **(NOTE: Summer before 9th grade is acceptable once the student has been promoted to the 9th grade and IF the Bright Futures Community Service/Paid Work Proposal Form has been approved.)**

***Reporting of paid work hours starts on or after June 27, 2022.**

Deadline:

Students have until the last day of their 12th grade school year to complete the required number of community service and/or paid work hours. (Example: Last day of classes for the 2023-2024 school year is May 29, 2024)

Definitions:

COMMUNITY SERVICE is defined as identifying a social issue in the community. This requires students to look beyond themselves and reach out to an issue faced by our society today (i.e. poverty, abuse, elderly rights, etc.). These hours will meet the requirement for the Bright Futures scholarships.

VOLUNTEER SERVICE is defined as assisting where needed and does not necessarily address a social issue. Although these hours are not recorded on the transcript, students can keep a log of these activities for use when applying for college, job applications, awards and scholarships other than the Bright Futures. A great place to store this information is Xello.

PAID WORK HOURS is defined as a student employed at an agency, business, company or organization where a pay stub is issued for proof of completed employment hours.
