## School Social Work Resource Book

# **This is....**

## **School Social Work**

Now more than ever we are looking for ways to prevent and address bullying, violence, and mental health concerns at home and in school. School Social Workers act as a link between schools and the community to connect services to students, families and staff to promote and support students' academic, emotional, and social success. In Osceola County, we also recognize that many of our families experience serious financial hardship that may also affect student success. However, there are many organizations that may be able to help. Connect with me to find out!

Hoy mas que nunca estamos buscando formas de prevenir y asistir en casos de bullying, violencia, y preocupaciones de salud mental en casa y en la escuela. Trabajadores Sociales en las escuelas son una conexión entre las escuelas y servicios en la comunidad para nuestras familias. Ayudando a los estudiantes, familias, y personal promoviendo y apoyando a los estudiantes en lo académico, emocional, y habilidades sociales. En el condado de Osceola, reconocemos que muchas de nuestras familias pasan por dificultades financieras que pueden afectar el éxito académico del estudiante. Como trabajadores sociales podemos ayudar a conectarlos a los recursos necesarios. Por favor conéctese con nosotros para ver como los podemos ayudar.
