READY APPS

LANSCHOOL

Access from Windows menu or system tray

LanSchool is our classroom technology management tool. It allows teachers and staff to see all of the device screens and monitor student activity.

CLASSLINK

https://www.osceolaschools.net/class_link

This is the single sign on system for staff AND students. It provides access to all instructional apps in one place.

OFFICE 365

Accessed through Classlink

This app gives students access to all of Microsoft's software, including Word, Powerpoint, Outlook email, Teams, and more.

TEAMS

Accessed through Classlink-->Office 365

This is our learning management software. All teachers have Teams courses created where they post assignments, calendars, discussions and more.

MACKIN VIA

Accessed through Classlink

Students have access to over 1,000 ebooks, 24/7! These can be read on any device that can open Classlink.
