

How can I get involved?

Talk with your student's teachers, guidance counselors and administrative team to find out how you and your school can work together to improve your student's performance.

Look at your student's performance on the Portal to check their grades, attendance and assignments on a regular basis. Be sure you understand where your student stands in reading and mathematics.

Spend time at the school as a volunteer or visitor. Make sure you sign up as an OASIS Volunteer. www.osceolaschools.net/oasis

Take part in after-school events, attend open houses and parent nights.

Supporting your student's future, shows that education is important. Visit the OHS Career Center located in the Front Office.

Our mission at Osceola High School is to provide access to rigorous courses with interventions to support all students. Our vision is to graduate all students career and college ready. We will achieve these goals through providing Relationships, Rigor, Relevance and Results to the educational program while nurturing the intellectual, emotional and physical wellbeing of each student.

Relationships

Our focus is to build meaningful, supportive relationships amongst our students, staff and community.

Rigor

Students will be prepared for further study beyond high school by exposing all students to challenging class work and programs that will push them beyond their comfort zone. Programs such as AVID and GO AP will provide the majority of OHS students the opportunity for advanced high school study in a variety of disciplines.

Relevance

Students will learn the curriculum outlined by the Florida Standards and content will be made relevant to the experiences of our current society. Emphasis will be placed on critical thinking, problem-solving, creativity, innovation, collaboration and communication.

Results

Osceola High School, in striving for excellence, seeks to provide a comprehensive education that engages all students to their fullest potential. Our intent is to ensure students' academic and social success.
