

Our 3rd Grade Sunrise
Students
are so talented!!

A large, multi-story brick building with arched windows and a classical architectural style. The name "FRANKLIN HIGH SCHOOL" is visible on the facade. The building is set against a blue sky with scattered clouds. In the foreground, there is a grassy area and a sidewalk.

My School

I love my school

It's very cool

Sunrise is its name

**Not all our skin colors
are the same**

I love my school

My teachers are cool

We read, write, and play

Every single day

My Friend

By Alexis

My best friend is Maddison
She has a kind heart
We spend each day together

Bottom

**We all have a soul
but where does it end?**

**We will never know,
Is there an end?**

**But I know my soul
it will go and go.**

My Dream

By Maddison

February 2021

My dream is my straight hair.

My hazel green eyes

My beautiful smile

It is the thing that makes me special.
But not the thing that makes me great.

The courage in helping sick animals.
The passion in staying with my sister.
The appreciation of having my family with me.
Does that.

Winter

Winter is short and cold
The weather is very bold
In some places it snows
Here the wind just blows

Wolves By Alexis

AHOOOO

It's the most known sound for a wolf to make.

I am a wolf. It is in me.

I know I will be an Omega leader

I just have to work for it

My Dream

By Jordan

February 2021

My dream is my smile.

My curly hair.

My brown skin.

It's the thing that makes me special.

But not the thing that makes me great.

The courage in speaking up for people.

The passion in playing football.

The appreciation of spending time with my family.

Does that.

EID AL-ADHA

A Moroccan Holiday

by Rayyan

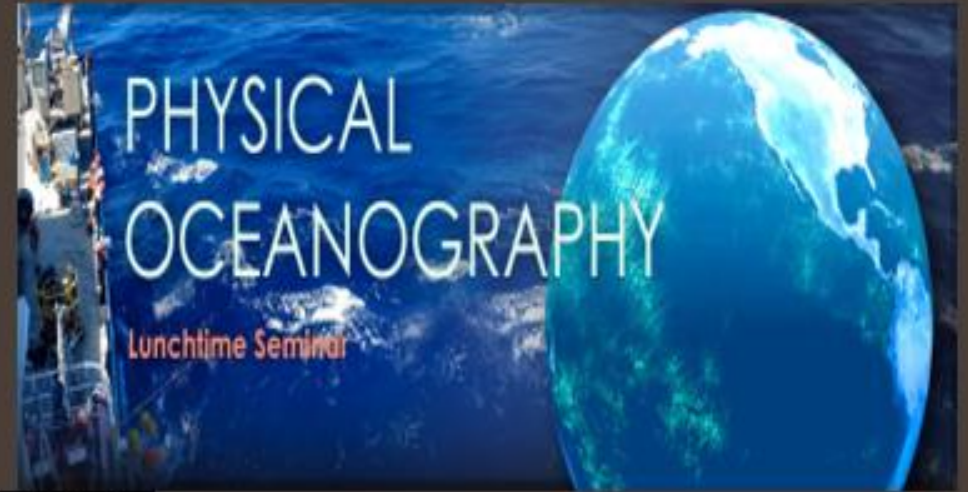

I used **Gale** to research my favorite holiday.

Three things we do during Eid, we get together with our family, we pray, we eat a lot of food, and we have fun.

My future career is going to be an oceanographer. I want to explore the ocean and also study ocean animals' life.

My Favorite Book

By Isaac

My favorite book is "The Pigeon Needs a Bath" because it's funny to read. The pigeon pretends to be clean, but he is very dirty because he does not like to take a bath.

The Pigeon
Needs a
Bath!

I do
not.

My Dream

By Roxiany

February 2021

My dream is my long straight hair.

My freckles.

My big ears.

It's the thing that makes me special.

But not the thing that makes me great.

The courage of leaving my Common Wealth.

The passion in helping others.

The appreciation of the world.

Does that.

But not the thing that makes me great.**

**The courage in moving twice,

The passion in drawing and cooking

The appreciation of my family, friends, earth and my school

Martin Luther Kind Jr.

by Morgan

Martin Luther King Jr. was born on January 15, 1929, in Atlanta, Georgia. His dream was that white people and black people would be treated equally.

If I could meet him today, I would say, "I agree with you. All people should be treated fairly, not just white people." It is important to continue Dr. King's dream because all people must be treated fairly, no matter what color their skin is. We have to keep his dream alive. Dr. King taught us that all people should be treated equally.
