4. Overview of Dual Enrollment options
5. Student Panel
6. General Q&A

Florida State University Admitted Students

ADMITTED STUDENT PROFILE

Summer 2023

Academic Core GPA

4.1 - 4.5

SAT

1250 - 1330

ACT

27 - 30

Fall 2023

Academic Core GPA

4.3 - 4.6

SAT

1340 - 1440

ACT

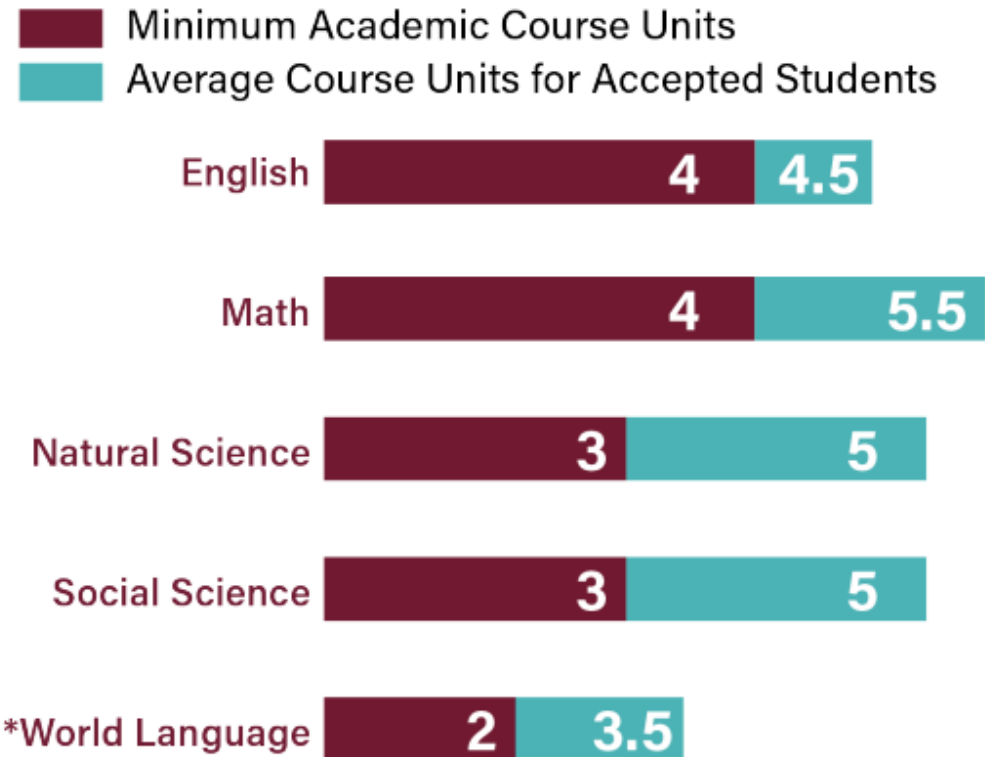

29 - 33

Florida State University Admitted Students

Top Areas of Study

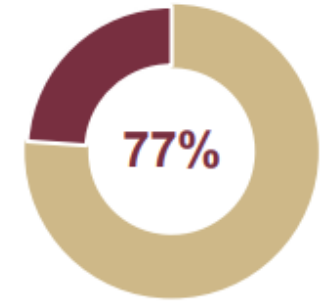

Average Course Units

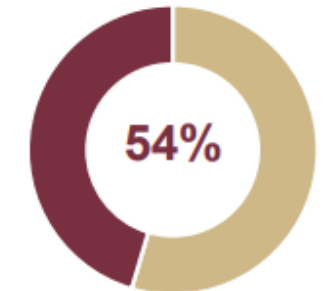

**Two sequential units of one World Language are required.*

Course Attributes

All A/B Grades

Advanced Math

AP, DE & your College Application

Competitive 4-year colleges will look for a minimum of 4-6 AP and/or DE classes on your academic record

They will also look for...

- Strong unweighted & weighted GPA
- Rigor of your course load
- High SAT/ACT scores
- Leadership & life experience – part-time job and/or quality school involvement
- Project-oriented community service - regular involvement in your community

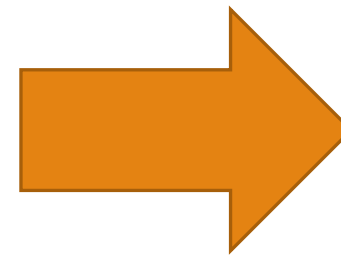

AP, DE & your College Application

It's not about the acceptance, it's about succeeding once you're there

The basics of a high school diploma will not set you up for success at a college – whether you end up at Valencia College, Yale University or the University of Central Florida, you will only gain the skills you need to succeed academically in DE/AP coursework

The number 1 thing our graduates have reported as being most helpful in their college transition is having AP/DE coursework

Scan to learn more about 4-year college admission

The AP Advantage

- College-ready work without a college GPA
- Coursework is the same all over the world, so colleges know exactly what you learned and the rigor at which it was taught
- The AP class on your resume is what colleges will look for!

AP Capstone

- Internationally recognized by colleges
- An opportunity to earn a diploma in line with graduates from around the world
- Pass 4 AP tests, AP Seminar, and AP Research to earn the diploma
- You earn a certificate if you pass AP Seminar and AP Research, but not the 4 additional AP tests
- You get to pick the classes you take at an AP level
- Students who pass AP Seminar perform better on all other AP exams
- Equivalent program = IB

and juniors)

Dual Enrollment Opportunities

- DE allows students to earn high school and college credit simultaneously while also meeting graduation requirements
- DE courses are weighted the same as an AP course on GPA
- Begins college GPA (follows you beyond HS)
- Multiple DE opportunities depending on your academic goals:
 - Valencia College
 - University of Florida (online only)
 - University of Central Florida
 - oTech
- Each program has separate admission requirements
- District will start providing transportation Fall 2023*

Program Admission Requirements

School	GPA Requirement	Grade Level	Testing requirements	Credit Hours
