I'M YOUR LOCAL TECH-BRARIAN

Joanne Nelson

NEED HELP? PROBLEM SOLVING IS WHAT I DO...
BELOW IS A MENU OF SOME WAYS THAT I CAN HELP YOU!

FOR STARTERS

Learn your library

Come and learn about your library

Introduction to Resources/Apps

Mackin E-books, Epic (make your own class code), Pebble Go and Pebble Go Plus, Discovery Education

MAIN COURSES

Internet Safety

Learn about internet safety and why safety is imperative.

Copyright and Plagiarism

Learn about resources we can and can't use and why we have to give credit to owners and their property.

Poetry

Learn how to write a poem. (HAIKU, Blackout)

COLLABORATION CORNER

Standards Based

Resources and Ideas

Let's talk about resources and ideas that will tie with your lessons

Maker Space Activities

Let's talk about some games and activities to tie with your lessons

Ally Learning

Learn about audiobooks to use in your classroom (unlimited licensing)

HOTTEST TECHNOLOGY

Flip Grid

Learn how to use Flip Grid

Quizlet and Kahoot

Learn the standards by playing Quizlet or Kahoot, a student collaboration platform

Office 365

Use TEAMS or make a presentation with Power Point, Sway, Excel or Word

iMovie

Practice fluency by reading a book on iMovie or doing a book trailer after reading a book.

Pixie, Frames and Share

Make a storyboard, a website or an animation to go with a lesson from the classroom.

Spheros

A great activity to tie to math standards

ON THE SIDE

Laminating

Done every Monday and Wednesday. Please make sure it is labeled with name of owner. Place on cart in room behind my office.

Butcher Paper

Binding Machine

First Book Fair
September 13-17

There are no silly questions only questions that need to be answered...
That's why we have research!
