

# Welcome to Allied Health Assisting

## Welcome Future Healthcare Workers!

My name is Mrs. Senquiz and I want to personally welcome you to our Allied Health Assisting Program here at Liberty High School.

Our Health program is a 3-year course with students following the below outline:

- Sophomore Year: Health Science Anatomy and Physiology
- Junior Year: Health Science Foundations
- Senior Year: Allied Health Assisting 3- Phlebotomy

To be able to continue on in the 3-year program students **MUST** have a 2.0 GPA, have no bullying on their records, no fighting, and no drugs/alcohol during all 3 years of the course! Failure to obtain by these requirements will result in removal from the Allied Health Program.

Students in this program will explore a variety of different healthcare units including but not limited to:

- Anatomy and Physiology
- Medical Terminology
- History of Healthcare
- Mental and Behavioral Health
- Domestic Violence
- Bloodborne Pathogens
- Infection Control
- Safety Precautions
- Specimen Collection and Testing
- Phlebotomy

Yes, you read that right! Our students here at Liberty have the opportunity to take Phlebotomy in their senior and final year of our program.

Phlebotomy is the drawing of blood (as by venipuncture) for transfusion, apheresis, diagnostic testing, or experimental procedures. Students in the Phlebotomy program will learn all the knowledge necessary to be able to successfully draw blood and acquire the hands-on skills needed for this fulfilling career.

Students have the opportunity to graduate with their Phlebotomy CPT (Certified Phlebotomy Technician) license through NHA.

I look forward to having you in class, working with you, and seeing all the great accomplishments that you will do in our field!
