### Florida Bright Futures

Per The state of Florida, eligibility for a Florida Bright Futures Scholarship award requires that students meet minimum grade point averages (GPA), test scores (SAT or ACT), and complete certain courses. For specific requirements concerning GPA, test scores and courses needed, please see the Florida Bright Futures Website and/or contact your high school counselor. Scholarship eligibility also requires that students complete community service or paid work as approved by the local school district for the Florida Bright Futures program. Students must be a high school student, enrolled in grades 9-12. (NOTE: Summer before 9<sup>th</sup> grade is acceptable once the student has been promoted to the 9<sup>th</sup> grade and IF the Bright Futures Community Service/Paid Work Proposal Form has been approved.)

\*Reporting of paid work hours starts July 1, 2022 and beyond.

#### **Definitions:**

**COMMUNITY SERVICE** is defined as identifying a social issue in the community. This requires students to look beyond themselves and reach out to an issue faced by our society today (i.e. poverty, abuse, elderly rights, etc.). These hours will meet the requirement for the Bright Futures scholarships.

**VOLUNTEER SERVICE** is defined as assisting where needed and does not necessarily address a social issue. Although these hours are not recorded on the transcript, students can keep a log of these activities for use when applying for college, job applications, awards and scholarships other than the Bright Futures. A great place to store this information is Xello.

**PAID WORK HOURS** is defined as a student employed at an agency, business, company or organization where a pay stub is issued for proof of completed employment hours.
