Your unofficial scores are available onscreen and can be printed at the end of the test. Your official score report is mailed to you approximately two weeks after the test date. It is automatically reported to Osceola District Schools.

A passing score of 464 or higher is required.

The School District of Osceola County, Florida does not discriminate on the basis of race, color, sex, age, national origin, religion, or other handicap. Students with disabilities are encouraged to enroll in all programs. We will make every effort to provide reasonable accommodations for individuals participating in our programs and activities.
The ParaPro Assessment was developed in response to the federal legislation known as No Child Left Behind. The law requires that paraprofessionals be required to have one of the following:

- Hold an associate degree or higher, or
- Complete two years of college (60 semester hours), or
- Passing score of 464 or higher on the ParaPro Assessment Test

The ParaPro Assessment for prospective and practicing paraprofessionals measures skills and knowledge in reading, mathematics, and writing, as well as the ability to apply those skills and knowledge to assist in classroom instruction.

The test consists of 90 multiple-choice questions across the subject areas of reading, mathematics, and writing. Approximately two-thirds of the questions in each subject area focus on basic skills and knowledge, and approximately one third of the questions in each subject area focus on the application of those skills and knowledge in a classroom context. Test takers have 2 ½ hours to complete the exam. All test questions are in English and are given in a computerized web-based format.

**Test Prep Materials**

Osceola District Schools does not offer classes for test preparation. ETS offers both free and affordably priced resources to help test takers study effectively and reduce test anxiety. For additional information, visit the ParaPro website at [http://www.ets.org/parapro/test_prep/materials/](http://www.ets.org/parapro/test_prep/materials/)
