
So much more than a score.

You're taking the PSAT/NMSQT this fall. Make sure you take advantage of these benefits to develop your personal path to college.

Here's what the PSAT/NMSQT can do for you:

Connect to Scholarships

The PSAT/NMSQT® is the qualifying test for the National Merit® Scholarship Program, one of the largest recognition and scholarship programs in the country.

It can also connect you to over \$160 million from other scholarship partners.

Just remember to check "Yes" for the Student Search Service® question on your answer sheet so that scholarship providers can find you.

Free, Personalized SAT Practice

Taking the PSAT/NMSQT itself is a great way to practice and get familiar with the format of the SAT®. However, your scores can unlock an even more valuable tool: your 100% free SAT study plan, customized for you at Official SAT Practice on Khan Academy®. Students who practiced with these resources for 6–8 hours saw an average increase of 90 points from the PSAT/NMSQT to the SAT.

AP Course Recommendations

Your score report will show AP® courses that are a great match for you. Taking AP classes can help you in the admission process, and you may also be able to earn college credit and save on tuition.
