Meet Xello

MEET XELLO

Creating Successful Futures

Xello helps students plan their own unique journey

Xello is engaging, fun-to-use software students can access online, even from their phones. It helps them create their very own, unique roadmap for future success.

xello

How Xello Helps Your Child

Increase Engagement & Achievement

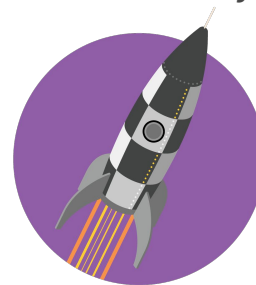

Students are more likely to reach their academic potential when they understand how education links to their future goals. With Xello, engagement levels, achievement, and graduation rates improve.

Enable Successful Transitions

Students face many transitions in school. Xello equips them with the knowledge and insights needed to navigate these critical transitions with informed decisions aligned to their aspirations.

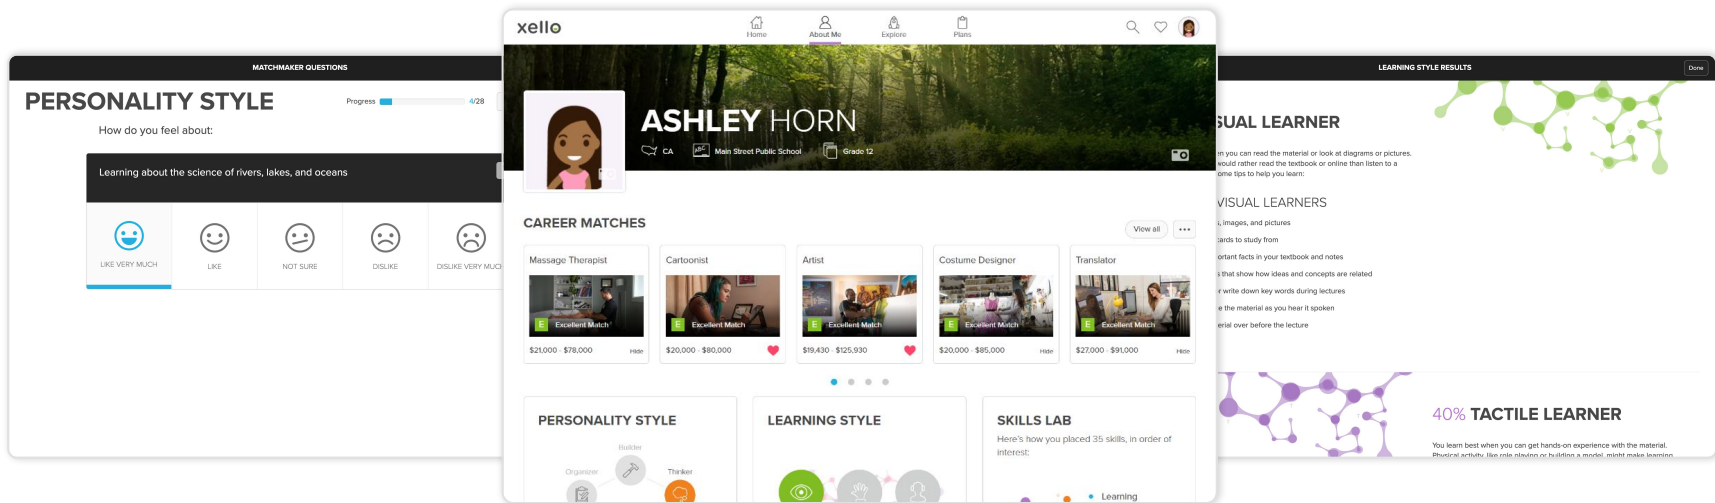

Every Student Future Ready

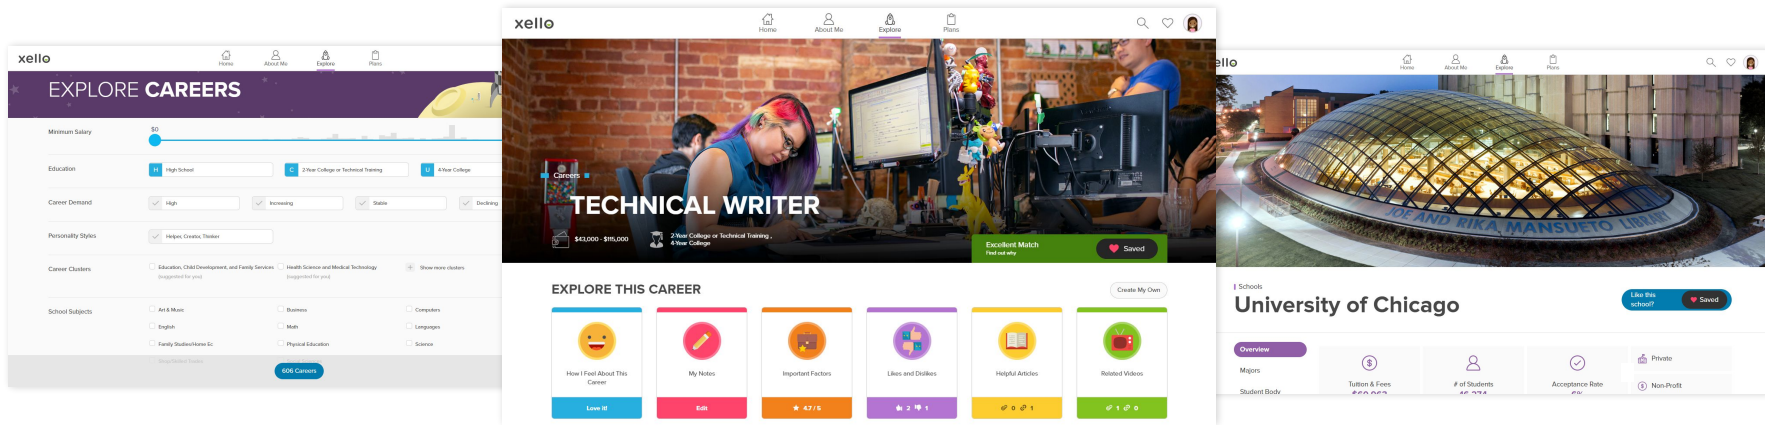

As students gain self-knowledge with Xello, they update and save careers, schools, programs, and experiences to form a vibrant, visual roadmap for their future that's easy to update.

Build Self-knowledge

Through a series of interactive assessments, your child uncovers their unique interests and skills. Assessments are scientifically valid, reliable, and student-friendly -- helping your child connect the dots between who they are and their future options.

Explore Options

Students explore thousands of careers, schools, and majors. From interviews with professionals in the field to campus demographics, the information is presented in an engaging way to give your child a visual glimpse into their future.

Create a Plan

Your child can create dynamic actionable plans that outline the steps needed to achieve school, career, and life goals.

The image displays three overlapping screenshots of the xello student planning interface, illustrating the process of creating a dynamic actionable plan.

Left Screenshot: COURSE PLANNER

The interface shows the user is logged in as "Main Street Public School". The "COURSE PLANNER" section displays a grid of courses for Grades 9 through 12, categorized by "Requirements", "All Requirements", "Credits", "Earned", "Planned", and "Remaining".

Middle Screenshot: COLLEGE APPLICATIONS

The "COLLEGE APPLICATIONS" dashboard shows "IMPORTANT DATES" for college planning:

- OCT 21 2023**: Transcript Due date (Adirondack Community College) - View application
- DEC 1 2023**: Transcript Due date (University of Washington) - View application
- DEC 1 2023**: FAJSA Open Date (College Year 2024-2025)

The "APPLICATION TRACKER" section shows a list of applications:

Application	Deadline	Action Items
Adirondack Community College (Queensbury, NY)	Mar 22, 2023	Transcript, Recommendation letters
University of Miami (Coral Gables, FL)	Mar 22, 2023	Add this college in Common App to unlock links
University of Washington (Seattle, WA)	Mar 22, 2023	Transcript

Right Screenshot: My Plan

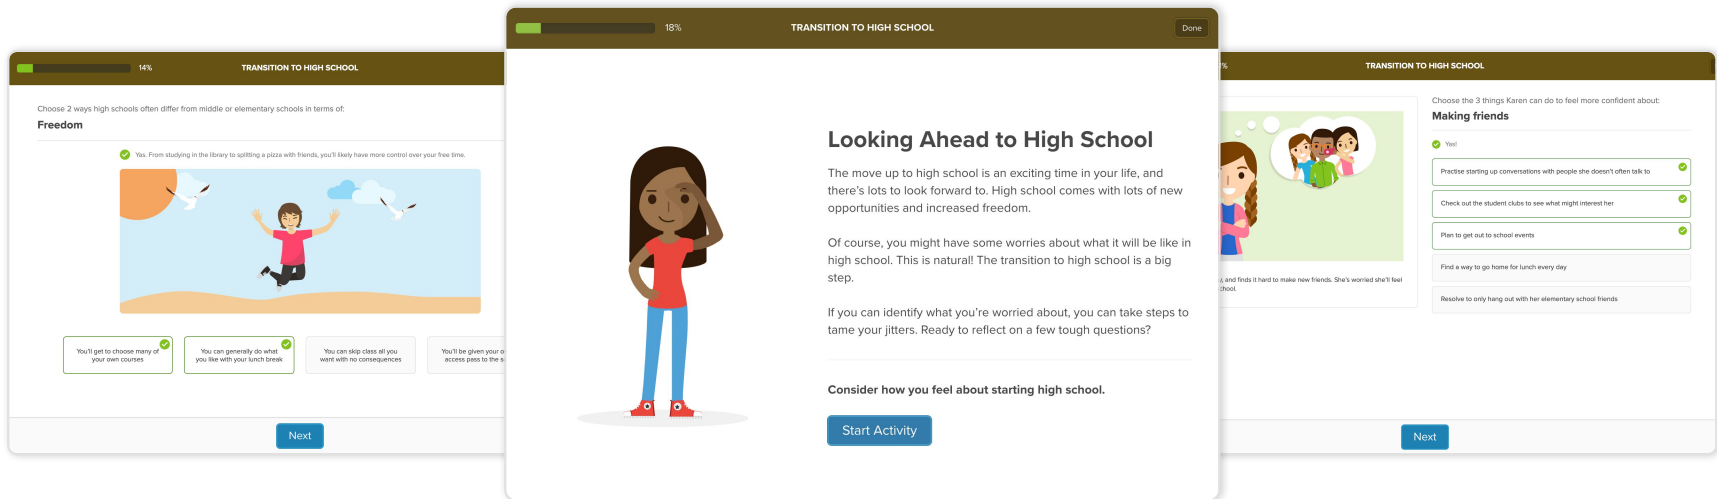

The "My Plan" section shows the steps to create a plan:

- Step 1: Add a title** (e.g., Become a Firefighter)
- Step 2: Pick the option your plan is based on**

Options for Step 2 include:

- A Career Choice
- A College Choice
- Being Technical or Skilled (e.g., Being a Technician or Skilled Worker)
- Being an Entrepreneur
- Being in the Military
- Being Trained to Work
- Supported Training or Learning
- Being a Gap Year

Learn and Reassess

Interactive lessons help your child develop age appropriate skills and knowledge for success in school and beyond.

Xello Family

An Integrated Family Portal

Full visibility into your child's work

Explore and discover your child's future goals and plans so you can better support their learning and development. If you have multiple children, you can access all of their work in the same portal.

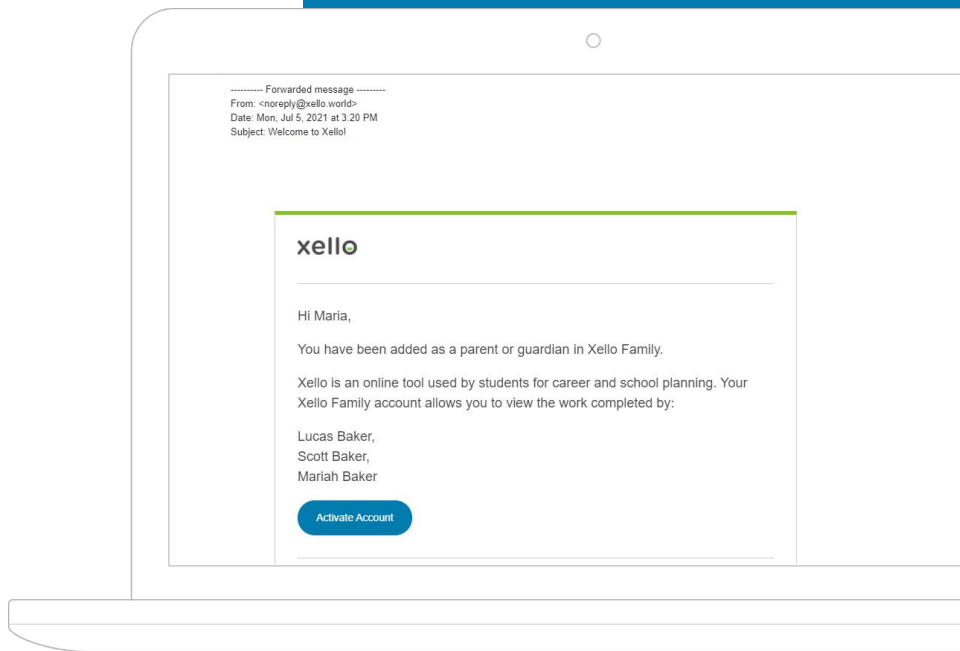

Welcome to Your Family Portal

Getting Started

Accessing your account

You will receive a *Welcome to Xello!* activation email to the address that we have on file. Once you click *Activate Account*, you will be redirected to Xello and asked to create a password.

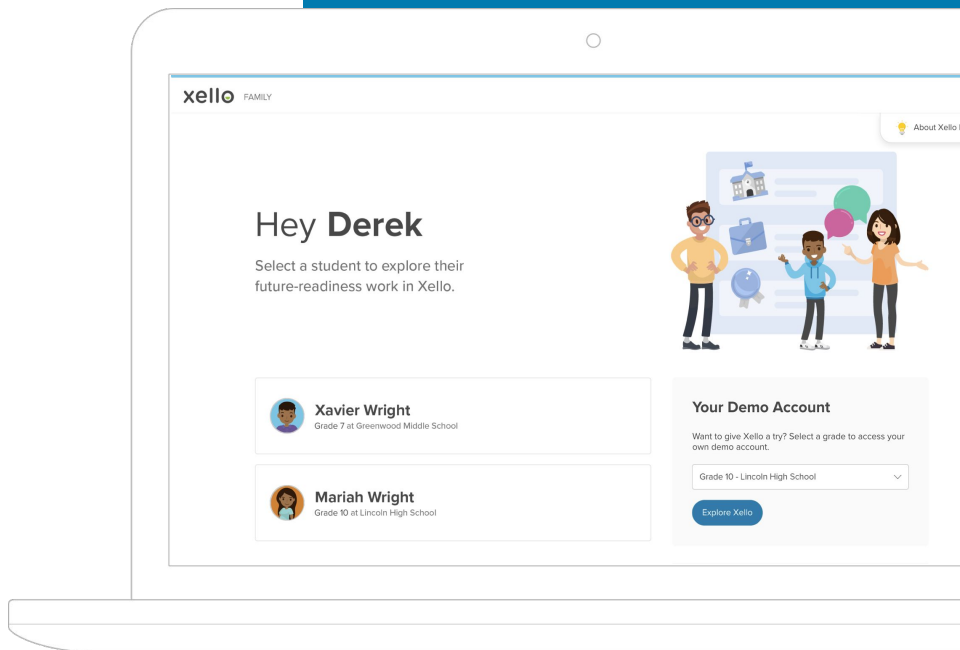

ACCESS YOUR ACCOUNT

Getting Started

Exploring Xello Family

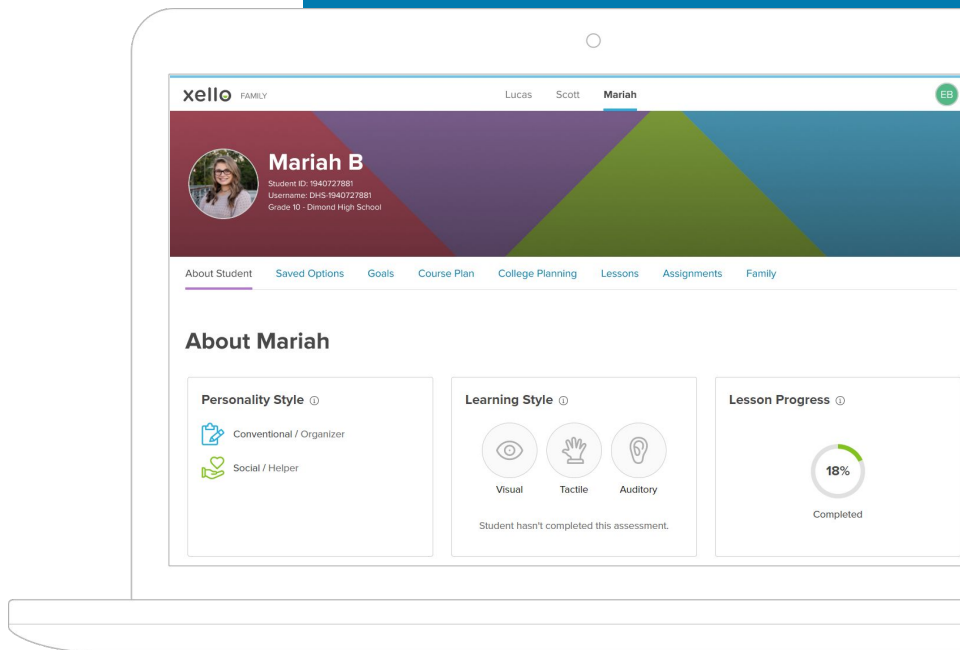

The first screen you'll see when you log in is the Xello Family dashboard. From here, you will see all children linked to your account. Clicking a child's name will bring you to their profile.

Exploring Your Child's Profile

Discover your child's interests and goals

- In your child's profile you will be able to see all the work they've done in Xello. If there's no information in a certain section, it means that your child has not started or completed the activity yet.
- You can explore each section to learn new information about your child. You will notice a tip box at the top of each page that gives you some information about that section.

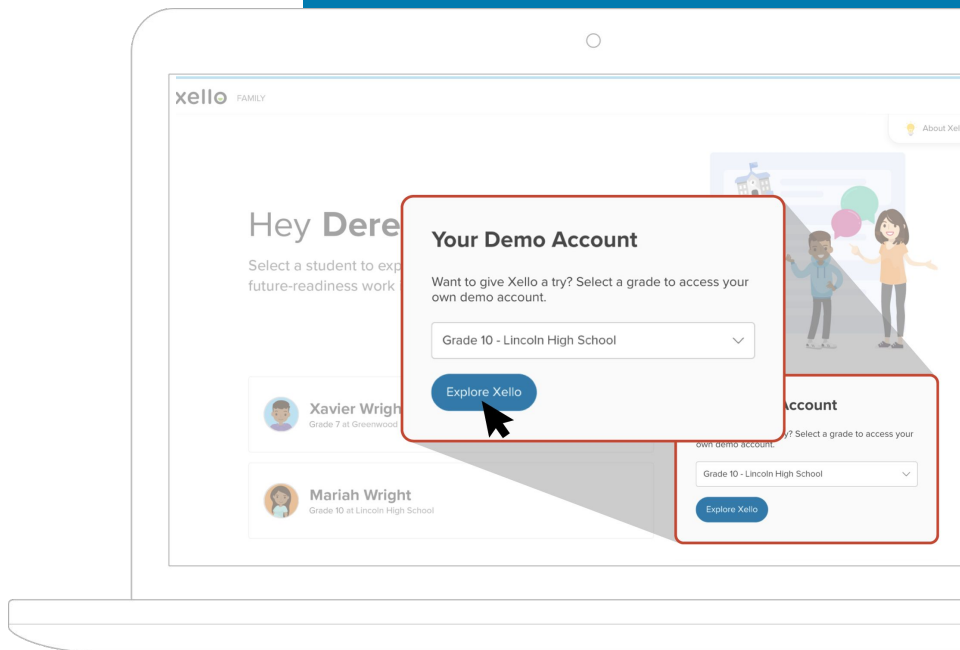

Exploring the Student Experience

Explore the student portal for yourself

To get a better understanding of the platform to support your child, you can try Xello for yourself!

On the dashboard, select your child's grade/school to explore. You will be able to take assessments, try a lesson, explore careers and much more.

Conversation Starters

Xello is a great tool to use to start future planning conversations with your child. Some questions you can ask based on your child's profile include:

- Did any of your career matches surprise you?
- What do you like and dislike about X career?
- What made you decide to take X and Y course?
- I see you're considering doing an apprenticeship after high school. Have you talked to any local companies yet?
