Jigsaw Learning LLC
dba TeachTown
330 West Cummings Park
Woburn, MA 01801

To Whom It May Concern:

Jigsaw Learning LLC dba TeachTown is a company with an exclusive focus on serving the needs of four distinct student groups – students with autism, developmental delays, intellectual disabilities and social and emotional disorders. TeachTown is the developer and sole owner of all copyrights, title, and interests in *TeachTown Meta-Play, Basics*, **enCORE**, *TeachTown Social Skills, Be Safe, Transition to Adulthood, SLP Assist, ABA Pro and TeachTown Registered Behavior Technician Course (RBT).*

- *Meta Play* provides systemic early intervention to students aged eighteen months to four years with behavioral disorders, intellectual disability and ASD to increase. appropriate social behavior and remediate deficits in the areas of social skills and play.
- *TeachTown Basics* provides an evidence-based curriculum that combines on computer discrete trials with teacher lead Generalization Activities. It addresses the academic, cognitive, and social emotional challenges faced by students with developmental delays, intellectual disability (ID), and Autism Spectrum Disorder (ASD). Data are automatically captured, tracked and reported on when a student is in a session providing detailed progress reports and graphs to help guide a student's academic progress
- *enCORE* is an adapted, comprehensive core curriculum designed to meet the needs of students with moderate and severe intellectual disabilities. The program provides a blended classroom solution of hands-on, interactive whiteboard, and independent technology-delivered student lessons. Based on the science of applied behavior analysis (ABA), and systematic instruction, enCORE provides educators with scripted lessons that are easy-to-implement and differentiated across three student support levels. A comprehensive classroom library of differentiated, adapted literature expands inclusive educational opportunities for this population by providing students with high quality books that are commonly found in general education classrooms. Data tracking across all instructional platforms provides districts with student progress across state-specific standards and student-specific IEP goals. Designed by content experts in the field of general curriculum access, enCORE is the only comprehensive core solution providing general curriculum access and age-appropriate content to this student population utilizing a blend of instructional platforms
- *TeachTown Social Skills* is an engaging curriculum designed to teach young children skills to improve social interaction. It includes animated episodes and a full 6-day lesson plan as well as extension activities, homework sheets and comic strips along with an

observational assessment component. The curriculum teaches appropriate, positive social behaviors, allowing students to flourish in inclusive environments. This program also includes an online assessment tool for progress monitoring.

- *Be Safe* is a video modeling curriculum for teens and young adults and provides the appropriate skills necessary to safely interact with community officers and first responders.
- *Transition to Adulthood* is a comprehensive, evidence-based curriculum designed to teach students with disabilities in secondary and post-secondary programs critical skills to increase independence, community access, and employability.
- **SLP Assist** provides a comprehensive solution for the school-based SLP and students. It includes technology-driven speech and language services for students, integrated with a platform for SLP's to deliver a variety of speech and language lessons with secure, automated data collection and reporting tools
- *ABA Pro* provides educators concise, practice-focused professional development course modules and downloadable materials on topics related to Applied Behavior Analysis (ABA).
- *TeachTown RBT Online Training Program* is a 40-hour online certification training program that is based on the RBT Task List as set by the BACB.

The TeachTown Federal Tax ID is 30-0796510.

TeachTown's educational programs have been shown to help improve cognitive function and language skills in students and have been validated by academic research, published randomized control trial and other efficacy studies, and practical classroom experience.

TeachTown Basics provides a complete standards-based curriculum combining online materials and teacher-led generalization activities. TeachTown's Training is provided by company certified trainers with classroom experience and a specialization in Applied Behavioral Analysis. TeachTown offers on-going virtual tutorials and on-line support at no additional charge. Professional development services are available for customized training. **Copyright is August 2010.**

TeachTown Social Skills provides an animated video modeling curriculum designed to teach social skills and appropriate behavior to young children. TeachTown's Training is provided by company certified trainers with classroom experience and a specialization in Applied Behavioral Analysis. TeachTown offers on-going virtual tutorials and on-line support at no additional charge. Professional development services are available for customized training. **Copyright is January 2011.**
