

Narcoossee Middle School

Electives Selection Worksheet 2024-2025

CORE ACADEMIC COURSES: *Core academic courses are automatically assigned to students based on most recent test scores. Adjustments to course selections will be made based on teacher recommendation and 5th grade FAST test results. In addition to the core courses, students are required to take Physical Education.*

Elective Courses: Select four (4) elective numbers in order of preference. All elective course offerings are tentative. Course availability is subject to change at administrative discretion. Students will be automatically scheduled into one semester of PE. Choose PE below if you would like a full year of PE.

Elective	Priority (1-4)
AVID	
Art	
Band 1	
Chorus 1	
Physical Education (PE) Full year	
Orchestra	
STEM Project Lead The Way	
STEM Paxton Patterson	
Understanding Music	

If Computer Applications/Coding were an elective choice, would you be interested? Circle Yes or No.

If Drama/Theater were an elective choice, would you be interested? Circle Yes or No.

If Creative Writing were an elective choice, would you be interested? Circle Yes or No.

If Speech/Debate were an elective choice, would you be interested? Circle Yes or No.

Although every effort will be made to accommodate students' requests, selecting a course does not guarantee placement. I am aware of the programs offered at Narcoossee Middle School, and I agree with the choices indicated above.

Narcoossee Middle School

Electives Selection Worksheet 2024-2025

NCMS Elective Descriptions

AVID (Advancement Via Individual Determination)

- By application only. AVID is a career and college readiness class that prepares you for high school and beyond. AVID helps you identify your interests, navigate your academics, and make a plan for a career that is best fit for you!

Band 1 (Beginning Band)

- The purpose of this course is to learn to play a musical instrument. No previous music knowledge is necessary, but practice is required. Students will perform in Winter and Spring Concerns.

Chorus 1

- Join a group of singers collaborating with melody and harmony as you sing together. Explore different types of music such as classical, pop, rock, jazz, and folk through song.

Orchestra

- Beginning musical class centered around string instruments.

Physical Education (PE)

- This course provides students with the opportunity to learn a variety of sports and sport related movements as well as health and fitness concepts.

STEM Project Lead The Way

- Design and Modeling
- Have you ever wanted to create a toy or a device to help people? Students use tools such as the design process, a dynamic mathematics software, a computer-aided design program, computer simulations, an engineering notebook, and 3D printers to design, model, and build objects. Discover the design process and turn your ideas into realities!

STEM – Orientation to Career Clusters

- Have you ever thought about what's inside objects we use? Students learn about how technology progressed from cavemen discovering fire and making simple tools, to the development of smart phones and computers. We will breakdown what things are made of to design and build new and improved objects using the design process and our own minds!

Visual Arts

- An introduction to art basics where students engage in the creative process to develop new artistic ideas and work.

Understanding Music

- Explore different music genres while learning the basics of music theory and writing songs.
