 ATTENDED BY: SAC Members

WELCOME..... SAC CHAIR

REVIEW/APPROVE SAC MINUTES..... SAC CHAIR

Motion to Approve - Ms. Armstrong
 Second – Ms. Mendez
Motion - Approved

SAC FUNDS & REQUESTS..... MS. DURINICK

Current Available Funds – \$2148.17
Request: No Requests at this time

PRINCIPAL’S REPORT..... MS. SCHWARTZ
NSGRA

Next step to guided reading is utilized to inform teachers of a child’s reading level. This information is used to organize small group guided reading.

DIBLES

Baseline reading fluency assessment given once a year unless a student is Tier 2 or Tier 3, they receive the assessment multiple times a year.

NWEA MAP

This data shows the percentage of students who are at or above grade-level in the core subject areas. Due to last school year moving to our first experience with digital learning, our scores are where we expected them to be.

GRADE	MATH	READING	SCIENCE
5 TH	41	39	44
4 TH	42	40	41
3 RD	38	51	53
2 ND	36	41	N/A
1 ST	48	43	N/A
K	55	50	N/A

We have a challenge ahead of us, but have teams working hard every day to support our students in achieving the goals of closing the achievement gaps. Deliberate instruction is happening in the classroom and tutoring opportunities are starting for science and our language lab. As we still have many virtual students, we are doing the best we can to support them with the challenge of digital learning and online assessments.

BUILDING CAPACITY MS. DURINICK

How can we build our capacity with families during Covid-19? How can we support you? Previously, we had monthly academic nights, science night, literacy night, however we are not able to have these physically on campus. We are looking for ideas of what we can do virtually once a month.

For example, a virtual event to show families how to access their child's grades?

Comment - Ms Armstrong – It would help to utilize our social media sites to share links to the website or portal with needed information.

Response - Ms. Perez-Schwartz – Yes, we can absolutely use that for easy access to parent needs like Focus and other digital information.

Comment – Mabel Vergara -When child was virtual, she was having difficulty knowing how to support her child after the meeting ended.

Response - Ms. Perez-Schwartz – All faculty emails have been updated in our school website. You can always reach out to your student's teacher via email.

Question – Cindy Espinal – Does every grade have homework? How do I see what homework or assignments my student has if it's not in the agenda?

Answer - Ms. Perez-Schwartz – All students should be reading at least 20 mins at home daily. Other homework is up to the teacher and should be noted in the agenda or posted in MS Teams.
