How to register your password on a personal device with the FIM Self-Service Registration Site

FIM Self-Service Password Registration

Non District Sites and External Networks

Using a web browser open the site: https://register.osceola.k12.fl.us

A pop-up window similar to what you see below will appear (will vary slightly depending on your browser)

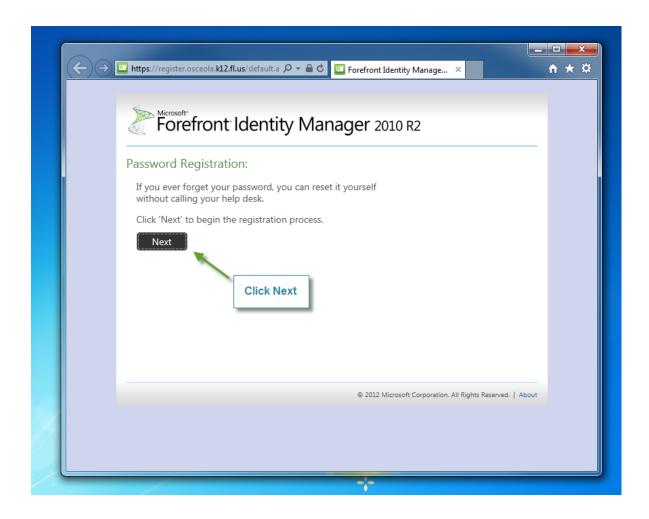

Your password must be in an enabled and a non-expired state to register for FIM Self Service Password Reset.

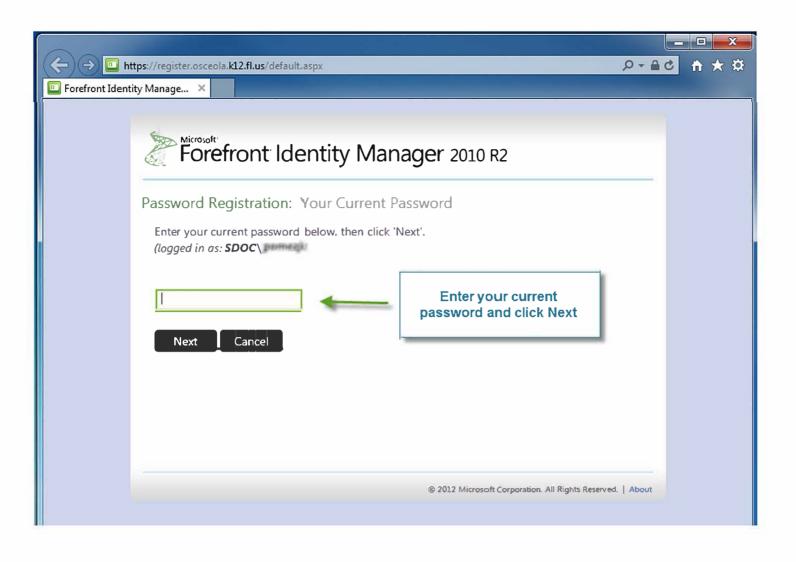

If your password has expired or has been forgotten, it will need to be reset before registering.

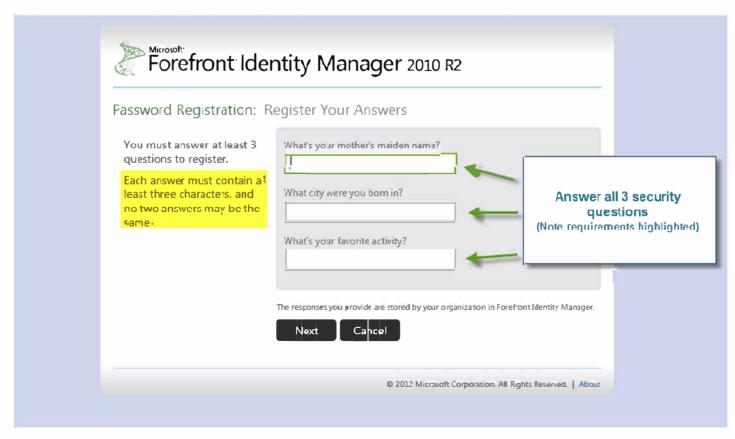

Contact your School Tech to reset your password before proceeding with registering in FIM.

If your School Tech is not available, please contact the District Help Desk at 407-870-4037

Note: The entire process must be completed within 20 minutes or the registration process will timeout.

Password Registration: Register Your Answers

Loading ...

This screen will appear and may take 10-15 seconds

Completed: You are now registered

If you ever need to reset your password:

- 1. Go to the reset password portal
- 2. Verify your identity
- 3. Choose your new password

Once you see this screen, you are registered and can close the browser
