

UNDERSTANDING OSCEOLA VIRTUAL SCHOOL

We are an Osceola School District virtual school. We use the curriculum from Stride and Florida Virtual School. Students in K-5 are placed on Stride (also known as K12) and students in grades 6-12 are placed on Florida Virtual School (FLVS).

Students on both platforms have virtual teachers. **Stride** teachers are established nationwide; they provide students a daily planning guide and books (mailed to student) to work independently on the platform. A parent also known as the teacher or Learning Coach provides help, support and guidance. **FLVS** teachers are Osceola school district employees. Students do not get books; all their work is found on the platform.

Osceola Virtual School Expectations

- Maintain grades of C or above in all classes.
- Login attendance daily.
- Maintain the average time commitment

In the younger grades, many of the online lessons include offline work. Students in grades K-2 spend about 30-40 percent of their time on the computer, while students in grades 3-5 spend about 50-60 percent of their time online. Screen time increases in middle school, and by high school, most of the school day is online.

Grades and Progress Monitoring

Students who do not have grades of C or above in all classes will receive progress monitoring/probation letters before March 12th (end of Qtr. 3). Those students who are not being successful will no longer be able to continue with OVS.

Out of Field - The following teachers are Out-of-Field for ESOL
Pool, Jaymie
Pagano, Michael
