Schedule Change Policy

1. **Valid reasons** for a schedule change may include: computer error, failing a required course, passing a course in summer school, lacking a graduation requirement and/or lacking the proper prerequisite.
2. Schedule change requests will **NOT** be considered for the purpose of teacher preference or period.
3. A change request may require the entire schedule to be altered to meet the request you have made, including different teachers and different class periods.
4. Electing an AP course, I understand it is taught at a college level and once chosen will not be able to receive a schedule change without proof of content struggle and success meeting with teacher and administration.
5. **All schedule change requests must be approved by the Principal, Assistant Principal, and Counselor.**

I have read and understand the schedule change policy and am aware that I have until May 17, 2024 to change my course requests. I, also, understand that if I choose an Advanced Placement (AP) course that it is at a college level and once scheduled into the course during the 24-25 school year that I will not be able to have a schedule change out of this class.
