DEDICATION

Dedicated to the generations of KOWBOY Alumni

That arrived to our school
As KOWBOY Freshmen

And walked the stage as
KOWBOY Graduates

This handbook is dedicated to you.

Always a Kowboy.

Kowboy Jake

(Otis "Pete" Clemons)

Official mascot of the Osceola Kowboys

In 1948 Cowboy artist Ernest "Buster" Kenton did a pencil sketch of Kissimmee Cowboy Pete Clemons, drawn for the Kissimmee Jaycees. It all came about, Clemons said, when Kissimmee businessmen Al and Pete Hunt heard that the National Jaycees Convention was to be held in Colorado Springs. Since a rodeo would be featured at the convention, and any Jaycee could participate, the Hunt brothers thought it would be a good idea for some local riders to enter the competition. Hunt, Clemons, and Kenton talked it over and came up with the idea for Kenton to draw Cowboy Jake to help promote the Kissimmee Jaycees at the convention.

By the time the convention rolled around, postcards with Cowboy Jake on the front were ready for the group to take with them to Colorado. The card described Cowboy Jake as the symbol of Kissimmee friendliness and told of the part Kenton and Clemons played in creating the character. Jake became a symbol of friendliness, and for years he was the first thing you saw as you entered Kissimmee.

It has been our pride to adopt and preserve the traditions of our community. Kowboy Jake has been the mascot of Osceola High School since the early 1950's.

Vision

Graduate ALL students career and college ready.

Mission

Provide access to rigorous courses with interventions to support ALL students.

Alma Mater

O.H.S. we'll e'er be loyal, thine ideals uphold,
Ever true and faithful followers of the blue and gold.
Alma Mater, Alma Mater, dearest ever known,
Hail, oh hail, we'll never fail thee, O.H.S. our own.

What do you need to do to be successful in 9th grade?

Your 9th grade school year will determine how the next three years of your high school academic career will go.

- Attend your classes! Absences can seriously affect your grades.
- Do your classwork/homework/assignments and **TURN THEM IN**.
- Take notes. What will you use to study for your tests if you don't?
- Speak to your teachers. Now is not the time to be shy.
- Speak to your counselor. Ask questions.

Academic Programs Offered at Osceola High School

- Advancement Via Individual Determination (AVID)
- College Board Advanced Placement courses
- Dual Enrollment (DE) through Valencia College, Osceola Technical College (oTECH), University of Central Florida and University of Florida (3.0 minimum GPA to apply)
- Career and Technical Education (CTE)
- 3DE by Junior Achievement (Open to all interested students)

What will my 9th grade schedule look like?

- English 1
- Math
 - Algebra 1 – if not taken/passed in middle school
 - Geometry – if Algebra 1 was taken/passed in middle school
 - Algebra 2 – if Algebra 1 and Geometry were taken/passed in middle school
- Science – Environmental Science – if Physical Science and/or Biology were not taken/passed in middle school.
- Career and Technical Education (CTE) – Digital Information Technology or another CTE course
- Personal Fitness/Recreation - If HOPE wasn't taken/passed in middle school
- Elective courses in addition to the classes mentioned above

Will I be able to make schedule changes?

- Due to 9th graders starting their high school careers, many courses are pre-requisites, so this limits the opportunity of changing academic classes. The exception would be changing from a regular course to an honors course.
- Elective courses may be changed, but this is on a case by case basis, and it depends on availability and class size.
- Intensive Reading is scheduled based on your most recent test score. These will remain on your schedule until you score Level 3 or higher on your FSA ELA.

High School / Academics

Terms to Know

Advanced Placement (AP): AP courses are college-level classes taught in the high school following guidelines and covering material that will instruct students in AP subject areas and should prepare them to take Advanced Placement tests offered by The College Board.

Community Service: Volunteer (un-paid) work intended to help people in a particular area/community. These hours should be reported to your counselor to be recorded and added into your student record.

Dual Enrollment: An acceleration program that allows high school students to enroll to take college courses while still in high school. Students will earn credits towards a college degree and also earn high school credit.

Extracurricular Activities: You should define your extracurricular activities in broad terms—many students make the mistake of thinking of them solely as school-sponsored groups such as yearbook, band or football. Not so. Most community and family activities are also "extracurricular."

GPA (Grade Point Average): If you have a GPA of 4.0, it means you've earned all A's in your classes. GPA is an abbreviation for "grade point average," which is typically calculated by adding all the numbered grades you've received and dividing them by the number of credits you've taken.

GPA- Unweighted: The calculation of the average of all of a student's high school courses on a 4.0 scales is an unweighted GPA. It does not take into account the rigor of the coursework.

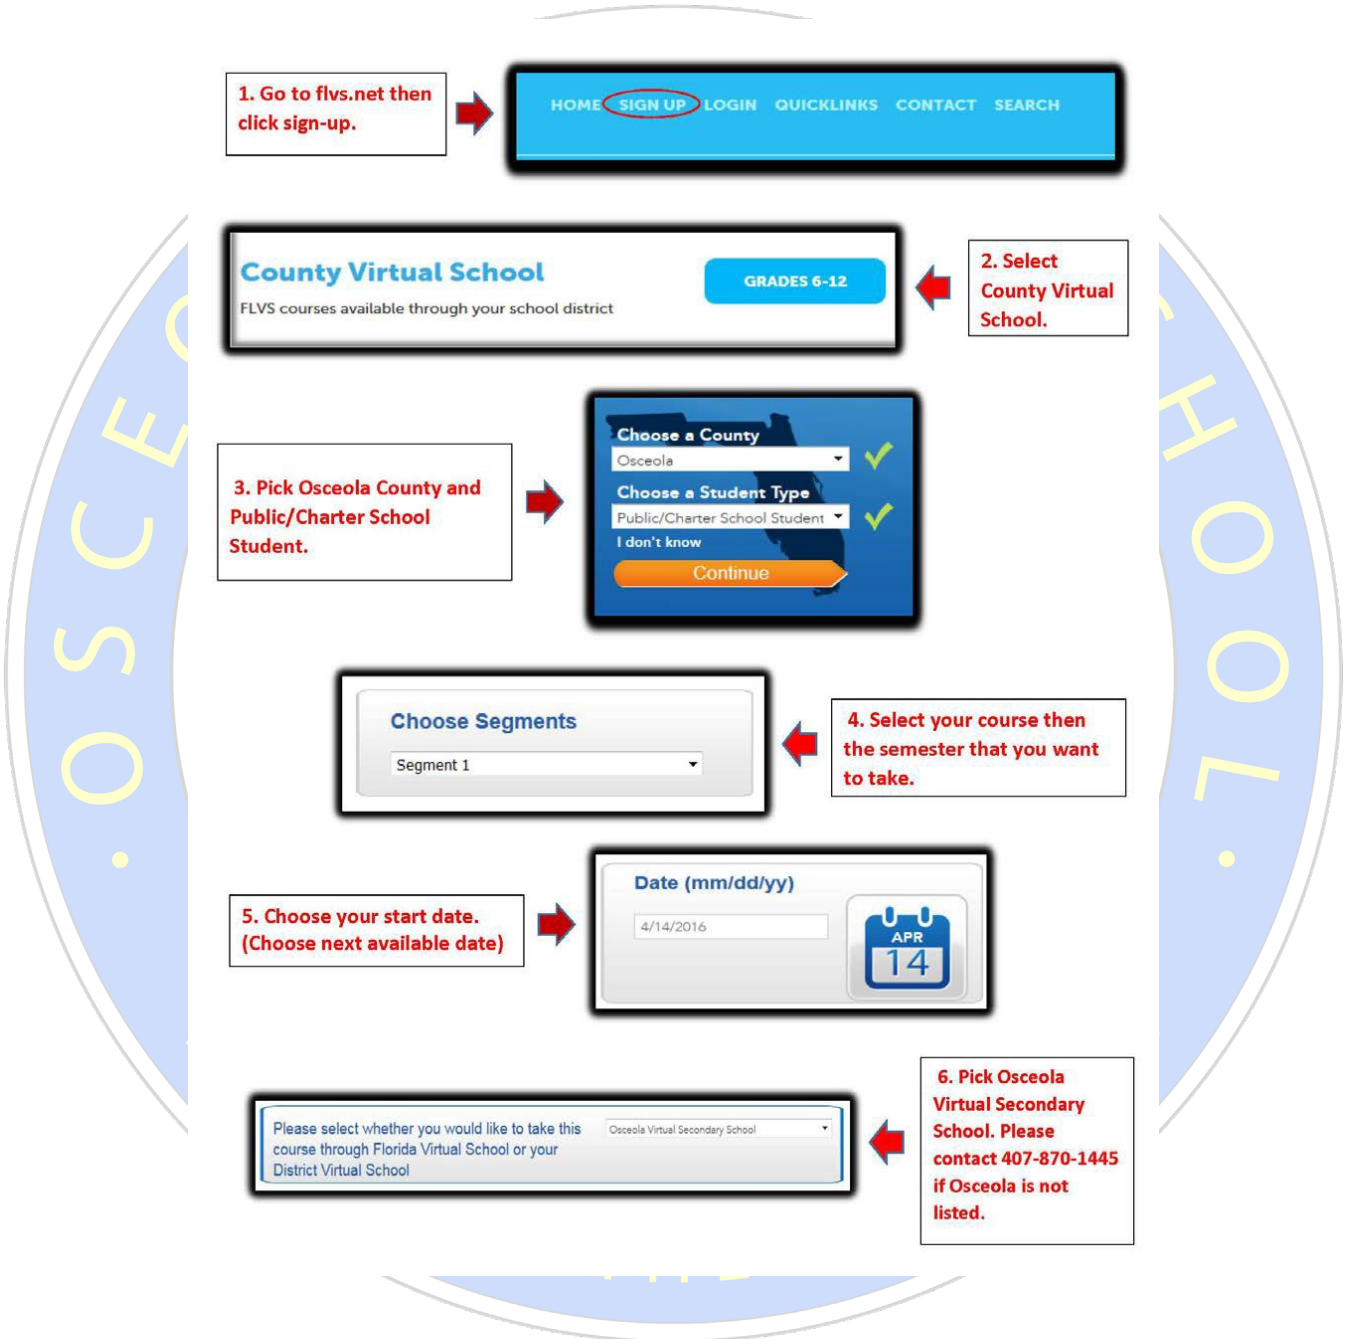

GPA- Weighted: This calculation of the average of all of the student's high school courses adds weight to classes that entail more rigor. The GPA is calculated with a 5.0 scale. (Honors classes at the high school level add 0.5 to the grade calculation for a course, while AP and Dual Enrollment courses receive and added 1.0 increase for the course. For example an A in an AP course would factor into the weighted GPA as a 5.0)

Recommendations: Statements or letters of endorsement written on a student's behalf. These are often used for applications for college, scholarships, volunteering or employment.

Transcript: This is the official document containing the record of a student's academic performance and testing history throughout their entire high school career.

Osceola Virtual School

How to register for Virtual classes? Below is the step by step direction on how to sign up for Osceola Virtual School. These are courses you must take at home and complete.

Community Service Hours

Community Service is a great way to gain experience in your chosen field, increase your chances of getting into certain schools, receiving scholarships and, of course, pursuing personal fulfillment.

It is NOT a graduation requirement to have hours completed but it is HIGHLY recommended!

1 WHAT ARE THE REQUIREMENTS FOR COMMUNITY SERVICE?

- Students must perform volunteer services on their own time, which can include lunch breaks and after school.
- Fundraising for non-profit organizations or charities is acceptable.
- Service may be volunteered to the school and/or the community.
- Service may be performed for profit-making organizations only if they are institutions like hospitals or nursing homes.
- Volunteer work for a religious or political organization will only count as volunteer hours if, for example, your church youth group helps with the Special Olympics or the political organization promotes non-partisan activities, such as voter registration.
- Vacation Bible School and working in church nursery are acceptable.

2 WHAT DOES NOT COUNT TOWARDS COMMUNITY SERVICE?

- Service rendered as a prerequisite for employment
- Service performed for a student's family, neighbors or friends or for profit-making organization
- Attendance at self-improvement workshops, conferences, or competitions
- Service performed as a result of disciplinary action taken by the school or courts
- Participation in Varsity or Junior Varsity athletics or regularly scheduled band or chorus performances
- Common activities such as acolyte, altar server, lay reader, church choir and clerical work for religious organizations
- Babysitting
- Any paid service
- Volunteer service involving academic requirements for a class
- *The above criteria will not cover all circumstances. If a question exists regarding the acceptance of an activity for volunteer service, the student's counselor should approve the service prior to the student's participation.

Freshman Checklist

- Start your high school years off with a good GPA. You'll find that it's easy to tank a GPA by earning a bad grade but it is quite difficult to bring it back up again.
- Meet with your counselor to make sure you are on track to graduate.
- Take/Review the PSAT and focus on weak areas to prep for future testing (Link to KHAN ACADEMY)
- Start an academic resume so that you can keep track of your extracurricular activities, volunteer work, jobs, academics, awards achieved, etc.
- Get to know teachers and counselors, so they can get to know you. At some point you will need recommendations for summer programs, scholarships, and/or college applications.
- Find fun and interesting ways to volunteer (try to find opportunities in your field of interest). The sooner you start, the more you'll earn throughout your high school years. You don't want to be behind Senior Year when you're wanting a good amount of hours for college applications and scholarships!
- TAKE ALL TESTS & EXAMS SERIOUSLY – THESE WILL IMPACT YOUR FUTURE!!!!

Step into your future!

The Florida Bright Futures Scholarship program has helped more than 725,000 Florida students attend a postsecondary institution. Bright Futures awards include: Florida Academic Scholars award (FSA), Florida Medallion Scholars award (FMS), Florida Gold Seal CAPE Scholars award (GSC) and the Florida Gold Seal Vocational Scholars award (GSV)

Step 1 Go to:

<https://www.floridastudentfinancialaidsg.org/SAPBFMAIN/SAPBFMAIN> to find out how to qualify for a Bright Futures Scholarship.

Step 2 Go to:

<https://www.floridastudentfinancialaidsg.org/SAPBFMAIN/SAPBFMAIN> and submit a completed error-free Florida Financial Aid Application during your last year of high school, by graduation.

Step 3 Make the grade, earn the score and graduate:

The Florida Bright Futures Scholarship program is created to establish a lottery-funded scholarship program to reward any Florida high school graduate who merits recognition of high academic

Step 4 Know your responsibilities apply, meet the requirements before graduation & throughout your college career. (Requirements are subjected to change with each Florida Legislative session)
