Dear Practical Nursing Applicant:

Welcome and thank you for your interest in enrolling in the Osceola Technical College (oTECH) Practical Nursing Program. Nurses are highly regarded healthcare professionals. They are held to higher ethical and moral standards in the community. Nurses serve their communities in a variety of ways that include working within the healthcare setting to directly care for many patients and their families, promoting healthy lifestyles, advocating for patients, and providing health education.

Attached you will find the nursing application, estimated costs, additional forms, and information necessary to complete the application process. In order to be considered as a prospective practical nursing student, you must complete the entire application packet. Please be advised, applying to the nursing program does not guarantee a seat in the class. Acceptance to the program requires the successful completion of testing, all forms, drug screen, and background check. Application packets will be reviewed, and students will be selected based on HESI scores, overall nursing packet and interview. You may submit an online application at Osceola Technical College (oTECH) / Homepage ([osceolaschools.net](http://osceolaschools.net)).

If you have any questions, concerns or would like additional information please contact the Program Advisor Roger Franquelo at [Rogelio.franquelo@osceolaschools.net](mailto:Rogelio.franquelo@osceolaschools.net)
