

Student Laptop Responsibilities At Home and at School

Make sure the laptop is fully charged for the school each day. *Shut down the laptop before charging to keep the battery healthy.	Do not eat or drink while using your laptop.	Save all schoolwork to OneDrive – so you can access it from any device.
A case must be always on the laptop when not in use. Have your charger with you each day.	This is YOUR laptop for the school year. Do NOT lend it out.	Laptops are always monitored. Only use the laptop, and hot spot, for school appropriate matters.
Damage must be reported immediately – even if the damage is accidental.	Lost or stolen devices must be reported immediately, and a police incident report must be filed.	If the device is not working correctly contact your School Tech for repair.
