## Section 1011.62(14) – Funds for the operation of schools

(14) TEACHER SALARY INCREASE ALLOCATION.—The Legislature may annually provide in the Florida Education Finance Program a teacher salary increase allocation to assist school districts in their recruitment and retention of classroom teachers and other instructional personnel. The amount of the allocation shall be specified in the General Appropriations Act.

(a) Each school district shall receive an allocation based on the school district's proportionate share of the base FEFP allocation. Each school district shall provide each charter school within its district its proportionate share calculated pursuant to s. 1002.33(17)(b).

(b) Allocation funds are restricted in use as follows:

1. Each school district and charter school shall use its share of the allocation to increase the minimum base salary for full-time classroom teachers, as defined in s. 1012.01(2)(a), plus certified prekindergarten teachers funded in the Florida Education Finance Program, to at least \$47,500, or to the maximum amount achievable based on the allocation and as specified in the General Appropriations Act. The term "minimum base salary" means the lowest annual base salary reported on the salary schedule for a full-time classroom teacher. No full-time classroom teacher shall receive a salary less than the minimum base salary as adjusted by this subparagraph. This subparagraph does not apply to substitute teachers.

2. In addition, each school district shall use its share of the allocation to provide salary increases, as funding permits, for the following personnel:

a. Full-time classroom teachers, as defined in s. 1012.01(2)(a), plus certified prekindergarten teachers funded in the Florida Education Finance Program, who did not receive an increase or who received an increase of less than 2 percent under subparagraph 1. or as specified in the General Appropriations Act. This subparagraph does not apply to substitute teachers.

b. Other full-time instructional personnel as defined in s. 1012.01(2)(b)-(d).

3. A school district or charter school may use funds available after the requirements of subparagraph 1. are met to provide salary increases pursuant to subparagraph 2.

4. A school district or charter school shall maintain the minimum base salary achieved for classroom teachers provided under subparagraph 1. and may not reduce the salary increases provided under subparagraph 2. in any subsequent fiscal year, unless specifically authorized in the General Appropriations Act.

(c) Before distributing allocation funds received pursuant to paragraph (a), each school district and each charter school shall develop a salary distribution plan that clearly delineates the planned distribution of funds pursuant to paragraph (b) in accordance with modified salary schedules, as necessary, for the implementation of this subsection.

1. Each school district superintendent and each charter school administrator must submit its proposed salary distribution plan to the district school board or the charter school governing body, as appropriate, for approval.

2. Each school district shall submit the approved district salary distribution plan, along with the approved salary distribution plan for each charter school in the district, to the department by October 1 of each fiscal year.

(d) In a format specified by the department, provide as follows:

1. By December 1, each school district shall provide a preliminary report to the department that includes a detailed summary explaining the school district's planned expenditure of the entire allocation for the district received pursuant to paragraph (a), the amount of the increase to the minimum base salary for classroom teachers pursuant to paragraph (b), and the school district's salary schedule for the prior fiscal year and the fiscal year in which the base salary is increased. Each charter school governing board shall submit the information required under this subparagraph to the district school board for inclusion in the school district's preliminary report to the department.

2. By February 1, the department shall submit to the Governor, the President of the Senate, and the Speaker of the House of Representatives a statewide report on the planned expenditure of the teacher salary increase allocation, which includes the detailed summary provided by each school district and charter school.

3. By August 1, each school district shall provide a final report to the department with the information required in subparagraph 1. for the prior fiscal year. Each charter school governing board shall submit the information required under this subparagraph to the district school board for inclusion in the school district's final report to the department.

(e) Although district school boards and charter school governing boards are not precluded from bargaining over wages, the teacher salary increase allocation must be used solely to comply with the requirements of this section. A district school board or charter school governing board that is unable to meet the reporting requirements specified in paragraph (c) or paragraph (d) due to a collective bargaining impasse must provide written notification to the department or the district school board, as applicable, detailing the reasons for the impasse with a proposed timeline and details for a resolution.

**Note:** This statute is still in effect.
