MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Osceola County District School Board, Florida (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2024.

Because the information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions, it should be considered in conjunction with the District's basic financial statements found on pages 2-12 of this report.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2023-24 fiscal year are as follows:

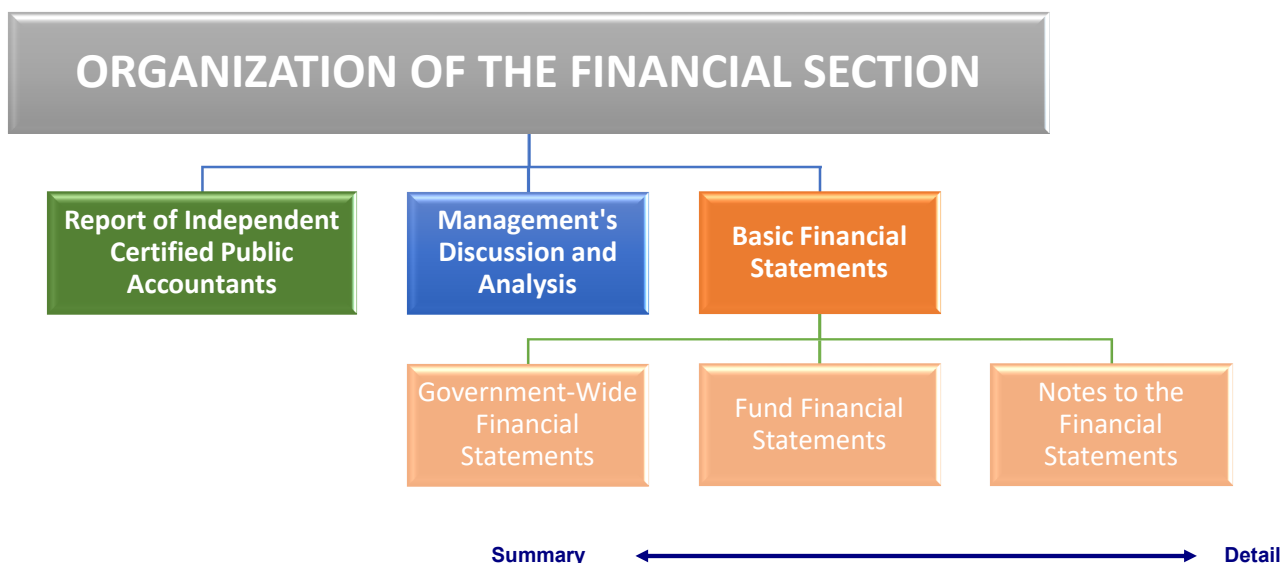

- Total assets and deferred outflows of resources of the District exceed total liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$1,355,946,686.
- At June 30, 2024, the District's combined governmental fund balances totaled \$748,997,862, an increase of \$19,466,071 or 2.67 percent, in comparison with the prior fiscal year.
- The unassigned fund balance of the General Fund, representing the net current financial resources available for general appropriation by the Board, totals \$42,727,579 at June 30, 2024, or 6.57 percent of total General Fund revenues.
- The District's total bonded debt (Bonds Payable and Certificates of Participation, excluding premiums and discounts) increased by \$28,691,000, or 12.11 percent during the current fiscal year. The key factor in this was the issuance of a new series of sales tax bonds for the construction of ancillary facilities.
- The District's net capital assets increased by \$201,484,629, or 19.27 percent from the 2022-23 fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components:

- Government-wide financial statements.
- Fund financial statements.
- Notes to financial statements.

The illustration below shows how the various parts of the financial section are arranged and relate to one another.

Government-Wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the primary government presented on the accrual basis of accounting. The statement of net position provides information about the government's financial position, its assets, liabilities, and deferred inflows/outflows of resources using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, is a measure of the financial health of the District. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The government-wide statements present the District's activities in two categories:

- **Governmental activities** – This represents most of the District's services, including its educational programs: basic, vocational, adult, and exceptional education. Support functions such as transportation and administration are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.

Component units – The District presents twenty-seven separate legal entities in this report, including AcadeMir Preparatory of Champions Gate, Bellalago Educational Facilities Benefit District, BridgePrep Academy of Osceola County, BridgePrep Academy of St Cloud, Creative Inspiration Journey School, Flora Ridge Educational Facilities Benefit District, Florida Cyber Charter Academy at Osceola, The

Foundation for Osceola Education, Inc., Four Corners Charter School, Inc., Four Corners Upper School, Kissimmee Charter Academy, Lincoln-Marti Charter Schools, Inc., Main Street High School, Mater Academy Preparatory High School, Mater Academy St. Cloud, Mater Brighton Lakes Academy, Mater Palms Academy, New Dimensions High School, Inc., Osceola Science Charter School, Renaissance Academy of Arts and Science, Renaissance Charter School at Poinciana, Renaissance Charter School at Tapestry, Sports Leadership Arts Management, UCP Osceola Charter School, Victory Charter School, Victory Charter School K-5 and Virtual Preparatory Academy of Florida. Although legally separate organizations, the component units are included in this report because they meet the criteria for inclusion provided by generally accepted accounting principles. Financial information for these component units is reported separately from the financial information presented for the primary government.

The government-wide financial statements can be found on pages 2-3 of this report.

Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entity-wide perspective contained in the government-wide statements. All of the District's funds may be classified within one of three broad categories as discussed below.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund

balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 10 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the major funds. The District's major funds are the: (1) General Fund, (2) Special Revenue – Federal Education Stabilization Fund, (3) Capital Projects – Nonvoted Capital Improvement Fund and (4) Capital Projects – Other Fund. Data from the other governmental funds are combined into a single, aggregated presentation.

The District adopts an annual appropriated budget for its governmental funds. A budgetary comparison schedule has been provided for the General and major Special Revenue Funds on pages 21-25 of this report to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 4-7 of this report.

Proprietary Funds. Proprietary funds may be established to account for activities in which a fee is charged for services. One type of proprietary fund is maintained.

The internal service funds are used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses the internal service funds to account for the Health and Life Insurance Trust Fund and Casualty Insurance Loss Fund. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within governmental activities in the government-wide financial statements.

Proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. Conversely, the internal service funds are combined into a single, aggregated column in the proprietary fund financial statements.

The basic proprietary fund financial statements can be found on pages 8-10 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held in a trustee or fiduciary capacity for the benefit of parties outside the government. The District only has custodial funds that are classified as fiduciary funds. Fiduciary funds are not reflected in the government-wide financial statements, because the resources of those funds are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes.

The District uses custodial funds to account for resources held for student activities and groups.

The fiduciary fund financial statements can be found on pages 11-12 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 18-1 through 18-35 of this report.

Other Supplemental Information

The combining statements referred to earlier in connection with nonmajor governmental funds are presented on pages 26-33 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceed liabilities and deferred inflows by \$1,355,946,686 at June 30, 2024. The following is a summary of the District's net position as of June 30, 2024, compared to net position as of June 30, 2023:

	Net Position, End of Year	
	Governmental Activities	
	6/30/2024	6/30/2023
Current and Other Non-Capital Assets	\$ 832,967,083	\$ 795,025,610
Capital Assets	1,247,231,622	1,045,746,993
Total Assets	2,080,198,705	1,840,772,603
Deferred Outflow of Resources	106,114,108	113,155,084
Total Deferred Outflow of Resources	106,114,108	113,155,084
Current Liabilities	74,859,230	58,610,959
Long-Term Liabilities	724,247,334	633,508,302
Total Liabilities	799,106,564	692,119,261
Deferred Inflow of Resources	31,259,562	28,055,941
Total Deferred Inflow of Resources	31,259,562	28,055,941
Net Position:		
Net Investment in Capital Assets	971,623,914	773,820,159
Restricted	630,389,525	649,673,946
Unrestricted	(246,066,753)	(189,741,620)
Total Net Position	\$ 1,355,946,686	\$ 1,233,752,485

By far, the largest portion of the District's net position, \$971,623,914 or 71.66 percent, reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to educate the students of Osceola County, Florida; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position, \$630,389,525 or 46.49 percent, represents resources that are subject to external restrictions on how they may be used. There was a decrease of \$19,284,421 in

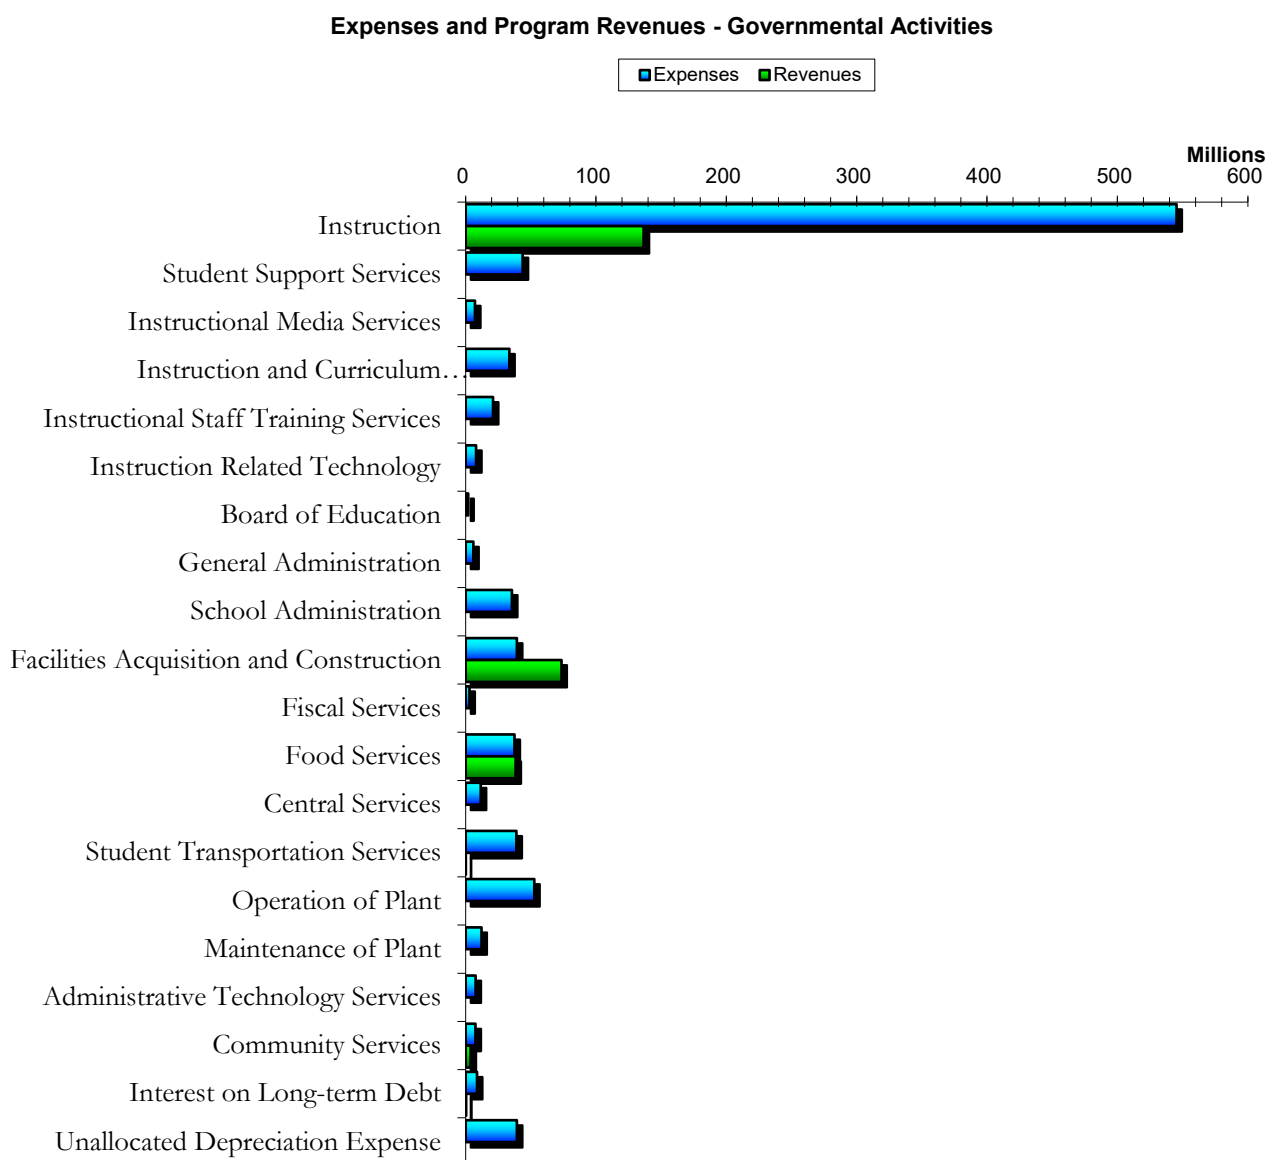

restricted net position reported in connection with the District's governmental activities. This decrease is primarily due to the decrease in the District's reserve for capital projects primarily resulting from new construction, renovation and deferred maintenance. The remaining net position represents resources that are not subject to external restrictions on how they may be used. The balance of unrestricted net position of (\$246,066,753) is primarily the result of recognizing pension liabilities. More information on the standard related to pension, and its effect on the financial statements can be found in Note 10 to the financial statements.

Property Taxes increased by \$48,141,307, during the current fiscal year which is a result of the increase in the local property tax base. Grant and Contributions not Restricted to Specific Programs decreased by \$8,562,513. The decrease is the result of a reduction in Federal Education Stabilization funding received during the current fiscal year. Investment earnings increased by \$20,650,251, during the current fiscal year. The increase is the result of the rising interest rates throughout the current fiscal year. The government-wide net position increased by \$122,194,201 during the current fiscal year. The increase represents the excess of revenues over expenses in the current year.

Revenues by Source - Governmental Activities

Governmental Activities

Governmental activities increased the District's net position by \$122,194,201 accounting for the total increase in the net position of the District. This increase is primarily due to program revenues held in reserve for future construction projects.

The largest revenue sources are the State of Florida and local sources. Combined, these two revenue sources account for 85.33 percent of total revenues. Revenues from State sources for current operations are primarily received through the Florida Education Finance Program (FEFP) funding formula. The FEFP formula utilizes student enrollment data and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District's funding ability based on the local property tax base. Total state sources increased by \$3,149,258 or .74 percent primarily due to the increase in FEFP funding. Revenues from local sources consist primarily of ad valorem taxes and impact fees. Property tax revenues increased by \$48,141,307 or 20.56 percent, primarily due to the increase in the local property tax base.

Instructional expenses represent 56.75 percent of total governmental expenses in the 2023-24 fiscal year. Instructional expenses increased by \$64,398,635 or 13.39 percent, from the previous fiscal year as a result of salary adjustments for instructional staff and additional staff and materials needed to accommodate the unweighted full-time equivalent growth during the current fiscal year.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the District's financing requirements. In particular, assigned plus unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds report combined ending fund balances of \$748,997,862, an increase of \$19,466,071, in comparison with the 2022-23 fiscal year. Unassigned fund balance of \$42,727,579 represents 5.7 percent of the ending fund balances and is available to meet the District's short-term spending needs. Remaining fund balances are non-spendable, restricted, or assigned, to indicate that they are not available for new spending. Inventory balances of \$3,988,286 are considered non-spendable. Fund balances totaling \$687,029,208 are restricted for state required carryover programs, debt service, capital projects, grants and other programs, and food service. Fund balances totaling \$15,966,968 are assigned to cover contract commitments, carryover appropriations, and a projected operating deficit.

Major Governmental Funds

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, the assigned plus unassigned fund balance of the General Fund was \$58,694,547, while total fund balance reached \$92,535,669. As a measure of the General Fund's liquidity, it may be useful to compare both assigned plus unassigned fund balance and total fund balance to total revenues. Assigned plus unassigned fund balance represents 9.02 percent of total General Fund revenues, while total fund balance represents 14.22 percent of that same amount.

During the current fiscal year, the fund balance of the General Fund increased by \$3,887,920. This increase was the result of additional funding assigned for a projected operating deficit.

There were no changes to the fund balance for the Special Revenue – Other Federal Programs Fund and the Special Revenue – Federal Education Stabilization Fund since revenues are recognized once expenditures are incurred for these programs.

The fund balance for the Capital Projects – Nonvoted Capital Improvement Fund increased by \$28,909,132. This was a result of an increase in capital outlay tax revenue.

The fund balance for the Capital Projects – Other Fund decreased by \$17,629,040. This was the result of new construction, renovation, and deferred maintenance projects.

The fund balance for non-major funds – reported as Other Governmental Funds – increased by \$4,298,059 to \$63,034,450. This was a planned increase to provide for future capital and debt service expenditures.

Proprietary Funds

The District's proprietary funds provide the same type of information found in the government-wide financial statements. The District's proprietary fund includes two internal service funds that are used to account for its self-insurance programs. Net position increased by \$2,894,815 due to additional transfers to support purchased services and insurance claims payments.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the 2023-24 fiscal year, the District amended its General Fund budget, which resulted in a decrease in total budgeted revenues of approximately \$2,303,754 or 0.36 percent. At the same time, final appropriations were less than the original budgeted amounts by approximately \$11,111,634 or 1.56 percent. Budget revisions occurred primarily from changes in estimated funding levels as a result of the State's distribution of funding based on student enrollment and transfers into the Health and Life Insurance Trust Fund. Planned expenditures were adjusted to meet the District's needs while maintaining an adequate fund balance.

Actual revenues are \$8,651,221 or 1.35 percent, more than the final budget amounts, primarily due to increases in other local revenue. The actual expenditures are \$33,650,556 or 4.81 percent, less than final budget amounts. The primary cause for unspent appropriations is related to schools and other programs carrying forward unspent appropriations that will be used in succeeding years.

During the current fiscal year, assigned plus unassigned fund balance in the General Fund increased by \$7,815,789 from the prior year (\$50,879,058 to \$58,694,547). This is primarily the result of an increase to the projected operating deficit for the subsequent year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets for the governmental activities as of June 30, 2024, amounts to \$1,247,231,622 (net of accumulated depreciation). This investment in capital assets includes land; land improvements; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures and equipment; investments in the educational facilities benefit district; motor vehicles; lease assets, and audio-visual materials and computer software. The total increase in the District's investment in capital assets (net of accumulated depreciation) for the current fiscal year was \$201,484,629 or a 19.27 percent increase from the 2022-23 fiscal year.

Major capital asset events during the current fiscal year included the following:

- Construction of Knights Point K-8, Voyager K-8 and Phase 2 of NeoCity Academy
- Construction in progress and design in progress of two K-8 schools and one high school

- Construction in progress of two transportation buildings
- Design in progress of two comprehensive renovations

Following is a summary of the District's capital assets as of June 30, 2024, compared to June 30, 2023.

Long-Term Debt

At the end of the current fiscal year, the District's long-term debt principal, excluding premiums and discounts, totals \$272,470,730. Of this amount, \$265,704,000 is outstanding bonded debt and \$6,766,730 is other long-term debt. Bonded debt constituted the largest portion of long-term debt at the end of the fiscal year and was comprised of \$405,000 outstanding in State School Bonds, \$176,529,000 in District Revenue Bonds, and \$88,770,000 in certificates of participation.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2024

Net Change in Fund Balances - Governmental Funds	\$	19,466,070.26
---	-----------	----------------------

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as a depreciation expense. This is the amount of depreciation expense in excess of capital outlays in the current period.		200,311,439.72
---	--	----------------

Capital assets donated to the District increase net assets in the government-wide statements, but are not financial resources and, therefore, are not reported in the governmental funds. This is the value of capital assets donated during the current year.		1,454,509.87
--	--	--------------

Vouchers payable associated with impact fee credits are accrued in the government-wide statements, but are not recognized in the governmental funds.		(6,175,106.35)
--	--	----------------

The cost of capital assets disposed of during the current year is expensed in the statement of activities. In the governmental funds, the cost of these assets was recognized as an expenditure in the year purchased. Thus, the change in net assets differs from the change in fund balances by the undepreciated cost of the disposed assets.		(281,323.00)
--	--	--------------

Proceeds of refunding debt are reported as other financing sources in the governmental funds, while payments to the escrow agent for advance-refunding of outstanding debt are shown as other financing uses. Government-wide statements are affected only to the extent these amounts differ. Other long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the net effect of these transactions.		(29,338,564.94)
---	--	-----------------

Expenses in the statement of activities that do not require the use of current financial resources are not reported in the governmental funds.		(66,223,621.46)
--	--	-----------------

Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The net revenue of internal service funds is reported with governmental activities.		2,980,797.38
---	--	--------------

Change in Net Position of Governmental Activities	\$	122,194,201.48

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

➤ **Description of Government-wide Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities are normally supported by taxes, intergovernmental revenues, and other nonexchange transactions. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The District has no business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the Osceola County School District's (District) governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense associated with the District's transportation department is allocated to the student transportation services function, while remaining depreciation expense is not readily associated with a particular function and is reported as unallocated.

➤ **Reporting Entity**

The Osceola County School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) Rules. The governing body of the District is the Board, which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Osceola County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading. Based on the application of these criteria, the following component units are included within the District's reporting entity:

- **Blended Component Units.** Blended component units are, in substance, part of the District's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the District.

The District's employee group health and life insurance program, described in a subsequent note, is administered through the Osceola County District School Board Group Health and Life Insurance Trust (Trust). Assets necessary to fund the program are transferred to the Trust; however, under the terms of the Trust agreement, the District retains control of the assets. Therefore, the financial activities of the Trust are reported in the District's financial statements. Separate financial statements for the Trust are not published.

The Osceola County School Board Leasing Corporation, Inc. (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment. The governing board of the Leasing Corporation is the Board. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2024

- Discretely Presented Component Units. The component units columns in the government-wide financial statements include the financial data of the District's other component units. A separate column is used to emphasize that they are legally separate from the District.

The Foundation for Osceola Education, Inc. (Foundation), is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to provide charitable and educational aid to the Board, to promote education, and to encourage research, learning, and dissemination of information. Additionally, the Foundation entered into two separate charter agreements with the District to operate Bellalago Academy, and PM Wells Charter Academy, which are considered divisions of the Foundation and are included in the Foundation's financial statements. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit. An annual audit of the organization's financial statements is conducted by an independent certified public accountant and is filed in the District's administrative office at 817 Bill Beck Boulevard, Kissimmee, Florida, 34744.

The Bellalago Educational Facilities Benefit District and the Flora Ridge Educational Facilities Benefit District (Benefit Districts) are separate districts organized pursuant to Chapter 125, Florida Statutes, and Section 1013.355, Florida Statutes, to provide for the timely construction and maintenance of school facilities. The Benefit Districts are an alternate mechanism that allows for the sharing of educational facilities costs that are necessary to accommodate new growth and development. The Benefit Districts have imposed a specific financial burden on the Osceola County School District and are considered fiscally dependent in accordance with the criteria described in Governmental Accounting Standards Board *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. Two staff members of the Osceola County School District have been appointed to the board of each Benefit District. Audits of the Benefit District's annual financial statements are conducted by an independent certified public accountant and are filed in the District's administrative office at 817 Bill Beck Boulevard, Kissimmee, Florida, 34744.

Academir Preparatory of Champions Gate, BridgePrep Academy of Osceola County, BridgePrep Academy of Saint Cloud, Creative Inspiration Journey School, Florida Cyber Charter Academy at Osceola, Four Corners Charter School, Inc., Four Corners Upper School, Kissimmee Charter Academy, Lincoln-Marti Charter Schools, Inc., Main Street High School, Mater Academy Preparatory High School, Mater Academy St. Cloud, Mater Brighton Lakes Academy, Mater Palms Academy, New Dimensions High School, Inc., Osceola Science Charter School, Renaissance Academy of Arts and Science, Renaissance Charter School at Poinciana, Renaissance Charter School at Tapestry, Sports Leadership Arts Management, UCP Osceola Charter School, Victory Charter School, Victory Charter School K-5 and Virtual Prep Academy of Florida, are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not for Profit Corporation Act; and Section 1002.33, Florida Statutes. The charter schools operate under a charter approved by their sponsor, the Osceola County District School Board. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools. This Financial responsibility arises from the fact that the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools and the District is responsible for the operation, control, and supervision of public schools within the District. The financial data reported on the accompanying statements was derived from the charter school's unaudited financial statements for the fiscal year ended June 30, 2024. The unaudited reports are filed in the District's administrative offices at 817 Bill Beck Boulevard, Kissimmee, Florida, 34744.

➤ **Basis of Presentation: Government-wide Financial Statements**

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used.

➤ **Basis of Presentation: Fund Financial Statements**

The fund financial statements provide information about the District's funds, including the fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

- General Fund – to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- Special Revenue—Federal Education Stabilization Fund – to account for funds from Federal Government in support of ongoing state and institutional COVID – 19 recovery efforts.
- Capital Projects – Local Capital Improvement Fund – to account for financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs.
- Capital Projects – Other Fund – to account for other miscellaneous funds from various sources which are restricted for capital outlay purposes.

Additionally, the District reports the following proprietary and fiduciary fund types:

- Internal Service Funds – to account for the District's individual self-insurance programs.
- Custodial Funds – to account for resources of the school internal fund, which is used to administer moneys collected at several schools in connection with school, student athletic, class, and club activities. Currently, the District maintains one Custodial Fund.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

➤ **Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Sales taxes and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences are recognized when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt is reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The proprietary funds and custodial funds are reported using the economic resources measurement focus and the accrual basis of accounting.

The charter schools, the Foundation, and the Benefit Districts, are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

➤ **Cash Equivalents**

The District's cash and cash equivalents are considered to be cash on hand, cash with fiscal agent, demand deposits, and short-term, highly liquid investments with original maturities of 3 months or less. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME, the Florida Public Assets for Liquidity Management (Florida PALM), and Money Market accounts.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits, except for cash dividends and interest held in an investment account, are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

➤ **Investments**

Investments consist of amounts placed in SBA Debt Service accounts for investment of debt service money, amounts placed with the SBA for participation in Florida PRIME investment pool created by Section 218.405,

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

Florida Statutes, and those made locally. The investment pool operates under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME and Florida Public Assets for Liquidation Management (PALM) are similar to money market funds in which shares are owned in the fund rather than the underlying investments. The SBA Debt Service Accounts and Florida (PALM) indicate that the District's investments in the Florida PRIME and Florida (PALM) are Securities and Exchange Commission Rule 2a7-like external investment pools. These investments are reported at fair value, which is amortized cost. The District also invests in Florida Fixed Income Trust (FIT) external investment pool in which shares are owned in the fund, rather than in the underlying investments. Florida FIT investments are reported at net asset value (NAV). The District's other investments consist of US Treasury Bonds/Notes, Municipal Bonds/Notes, Federal Agency Mortgage-Backed Securities, Federal Agency Commercial Mortgage-Backed Securities, Federal Agency Collateralized Mortgage Obligations, Corporate Notes and Bank notes which are reported at fair value.

Types and amounts of investments held at fiscal year-end are described in Note 2.

➤ **Inventories and Prepaid Items**

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories held at the maintenance department, transportation department, central warehouse and for the District's food service program are stated at cost valued on a weighted-average basis, except that United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The District applies the consumption method to account for its inventories. As such, the expenditure for supplies inventory is recognized when the supplies are actually used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

➤ **Capital Assets**

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$1,000 for tangible personal property and \$25,000 for real property. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Improvements Other Than Buildings	8 - 40 years
Buildings, Fixed Equipment, and Investment in Educational Facilities Benefit District	10 -50 years
Furniture, Fixtures, and Equipment	3 - 15 years
Motor Vehicles	5 - 10 years
Audio Visual Materials and Computer Software	3 - 5 years

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2024

➤ **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position reports separate sections for deferred outflows of resources.

The deferred outflow of resources represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of net position reports separate sections for deferred inflows of resources. The deferred inflow of resources represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

The District has three items that qualify for reporting in the deferred outflows of resources and deferred inflows of resources sections of the statement of net position. The deferred charges on refunding reported in the government-wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Changes in net pension liability are reported as deferred outflows of resources and deferred inflows of resources related to pensions. The deferred outflows of resources and deferred inflows of resources related to pensions are discussed in a subsequent note. Changes in Other Postemployment Benefits (“OPEB”) liability are reported as deferred outflows of resources and deferred inflows of resources related to OPEB. The deferred outflows of resources and deferred inflows of resources related to OPEB are discussed in Note 11.

➤ **Pensions**

In the government-wide statement of net position, liabilities are recognized for the District’s proportionate share of each pension plan’s net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District’s retirement plans and related amounts are described in Note 10.

➤ **Long-Term Liabilities**

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized over the life of the debt using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium or discount.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term liabilities for the current year are reported in Note 8.

➤ **Net Position Flow Assumption**

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2024

➤ **Net Position Flow Assumption**

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

➤ **Fund Balance Flow Assumptions**

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

➤ **Fund Balance Policies**

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board has by resolution authorized the Chief Business and Finance Officer to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. That is, an additional action does not normally have to be taken for the removal of an assignment whereas an additional action is essential to either remove or revise a commitment.

In addition, the District has adopted Board Rule 7.10 which establishes "contingency reserves" to help sustain the financial stability of the District during times of emergency spending for items such as disaster recovery and revenue shortfalls that could potentially occur after the current year's budget adoption. School Board Rule 7.10 requires an amount equal to 6 percent of the General Fund revenues and other financing sources to be reserved for contingency purposes. The Superintendent shall obtain approval from the School Board if at any time it is projected that this balance will not be maintained.

➤ **Program Revenues**

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY

identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

➤ **State Revenue Sources**

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of 5 months following the date of the original reporting. Such amendments may impact funding allocations for subsequent fiscal years. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the unencumbered balance of categorical and earmarked educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE.

A schedule of revenue from State sources for the current year is presented in Note 13.

➤ **District Property Taxes**

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Osceola County Property Appraiser, and property taxes are collected by the Osceola County Tax Collector.

The Board adopted the 2023 tax levy on September 5, 2023. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Osceola County Tax Collector at fiscal year-end but not yet remitted to the District.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2024

Millages and taxes levied for the current year are presented in Note 14.

➤ **Educational Impact Fees**

Osceola County imposes an educational impact fee based on an ordinance adopted by the County Commission in 1992. This ordinance has been amended from time to time, most recently in December 2021, when Ordinance 2021-85 established the revised rates to be collected. The educational impact fee is collected for all new residential construction within the County. The fees are collected by the County and each municipality within the County, based on an interlocal agreement. The fees can only be used for capital expenditures directly affected by new residential growth. Educational impact fee credits granted in exchange for land are shown in the government-wide financial statements as unearned revenue until the credits are used, at which time the revenues are recognized.

➤ **Federal Revenue Sources**

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

➤ **Compensated Absences**

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements. The liability for compensated absences includes salary-related benefits, where applicable.

➤ **Proprietary Funds Operating and Non-Operating Revenues and Expenses**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's internal service funds are charges for employee health insurance premiums. Operating expenses include insurance claims and excess coverage premiums. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

- The District's investment policy limits investments to a maximum of 5½ years and the investment of current operating funds to no longer than 2 years.
- Florida PRIME had a weighted average days to maturity (WAM) of 35 days, Florida PALM had a WAM of 38 days, Florida FIT had a WAM of 120 days, and Money Market funds had a WAM of 31 days at June 30, 2024. A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.
- For Florida PRIME, Chapter 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days." With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA

to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made. As of June 30, 2024, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

- The District's investment policy allows for investments in certificates of deposit, time deposits, securities of the United States Government, other forms of authorized investments described in the Florida Statutes, and money market funds based on the highest rating by any one Nationally Recognized Statistical Ratings Organization (NRSRO).
- The District's investments in SBA Debt Service accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by SBA for managing interest rate risk and credit risk for this account.
- As of June 30, 2024, the District's investments in Florida PRIME, the Florida PALM, and Money Market accounts are rated "AAAm" by Standard & Poor's. Investments in Florida FIT are rated AAAf/S1 by Fitch.

Custodial credit risk is the risk of loss attributed to the failure of the depository bank.

- Section 218.415(18), Florida Statutes, requires the District to earmark all investments and (1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; (2) if in a book-entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State, or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or (3) if physically issued to the holder but not registered with the issuer or its agents, must be immediately placed for safekeeping in a secured vault. The District's investments are held by a safekeeping agent, in the name of the District. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer.
- The District's investment policy limits the amounts the District may invest in any one issuer, based on the type of instrument as follows:

<u>Investment Type</u>	<u>Percent</u>
United States Government Securities	100%
United States Government Agencies	75%
Corporates	25%
Municipals	25%
Agency Mortgage-Backed Securities	25%
Non-Negotiable Collateralized Bank Deposits/Savings Account	50%
Commercial Paper	25%
Bankers' Acceptances	10%
Repurchase Agreements	40%
Money Market Funds	50%

- Most of the District's investments are issued or explicitly guaranteed by the United States Government or are in external investment pools, which do not require disclosure for concentration of credit risk. Remaining investments follow investment policy limits.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2024

- As of June 30, 2024, approximately 37 percent of the District's investments were in Florida FIT, followed by 44 percent in US Treasury Bonds/Notes and 14 percent in Corporate Notes. For the Capital Project – Other Fund Corporate Notes are 8 percent of investments in the fund.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 of the fair value hierarchy are inputs valued using quoted prices in active markets for identical assets; Level 2 inputs are valued using other significant observable inputs; Level 3 inputs are valued using significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2024:

Investment by fair value level	Fiscal Year Ending 6/30/2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Total Investments at NAV	<u>\$ 169,107,273</u>			
Total Investments	<u>\$ 461,451,614</u>			

SBA Debt Service Accounts classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. U.S. Treasury Bonds/Notes, Municipal Bonds/Notes, Federal Agency Securities and Mortgage Obligations, Bank Notes and Corporate Notes classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

3. RECEIVABLES

5. EDUCATIONAL FACILITIES BENEFIT DISTRICT AGREEMENT PAYABLE

Pursuant to Section 1013.355, Florida Statutes, the District entered into an interlocal agreement with Osceola County, Florida, dated September 15, 2003, authorizing the creation of the Bellalago Educational Facilities Benefit District (Benefit District). The purpose of the Benefit District is to finance the construction of school facilities using a combination of sources, including impact fees, non-ad valorem assessments from homeowners, charter capital, and payments from the District. The District also entered into a charter contract on April 6, 2004, with the Foundation for Osceola Education, Inc. (Foundation), creating Bellalago Academy. The Foundation entered into an interlocal agreement with the Benefit District under which it agreed to pay to the Benefit District any charter capital received in exchange for use of the school facilities. On December 16, 2003, the District entered into an interlocal funding agreement with the Benefit District and Avatar Properties, Inc., to formalize the obligations of the parties. Under the terms of this agreement, the District is obligated to pay the portion of debt service on bonds issued by the Benefit District not otherwise funded by impact fees, non-ad valorem assessments, and charter capital. Phase I of the construction was funded through bonds issued by the Benefit District at a rate of 6.05 percent. Phase II of the construction was funded by issuing a second series of bonds by the Benefit District at a rate of 5.83 percent.

On May 28, 2014, the District issued \$23,150,000 in refunding Capital Improvement Refunding Bonds, Series 2014A, with an average interest rate of 3.48 percent, to refund and redeem \$23,535,000 of the District's outstanding Capital Improvement Revenue Bonds Series 2004A and 2004B. The 2014A Series were issued to reduce the total debt service payments from the 2004A and 2004B certificates, resulting in savings to the District of \$6,181,793 over the next 20 years.

Estimated amounts payable for the Benefit District agreement are as follows:

Fiscal Year Ending June 30	Total	Principal	Interest
2025	913,628	575,274	338,355
2026	914,075	614,519	299,556
2027	904,846	644,108	260,738
2028	895,896	673,583	222,313
2029-2033	4,324,102	3,774,430	549,672

Total	<u>\$ 8,894,216</u>	<u>\$ 6,766,730</u>	<u>\$ 2,127,486</u>

The amounts required from the District in the future are dependent on the amount of charter capital received, which is dependent on enrollment at the school and the level of funding appropriated annually by the Legislature.

During the 2023-24 fiscal year, the District recognized sales tax revenues totaling \$68,747,604 and expended \$21,740,123 (32 percent) of these revenues for debt service directly collateralized by these revenues. The pledged sales tax revenues are committed until final maturity of the debt, or June 1, 2033. 10. RETIREMENT PLANS

➤ **FLORIDA RETIREMENT SYSTEM (FRS) – DEFINED BENEFIT PENSION PLANS**

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code, wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services web site (www.dms.myflorida.com).

The District’s FRS and HIS pension expense totaled \$100,301,567 for the fiscal year ended June 30, 2024.

NOTES TO FINANCIAL STATEMENTS
June 30, 2024

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of both Plans may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>Percent Value</u>
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 years of service	1.68
Elected County Officers	3.00
Senior Management Service Class	2.00
Special Risk	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total

service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

The District's contributions to the Plan totaled \$33,812,291 for the fiscal year ended June 30, 2024.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2024, the District reported a liability of \$233,584,032 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023. The district's proportionate share of the net pension liability was based on the district's 2022-23 fiscal year contributions relative to the total 2022-23 fiscal year contributions of all participating members. At June 30, 2023, the District's proportionate share was 0.588360387 percent, which was a decrease -0.032415729 percent from its proportionate share measured as of June 30, 2023.

For the fiscal year ended June 30, 2024, the District recognized pension expense of \$49,413,310 related to the Plan. In addition, the district reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Investment rate of return	6.70 percent, net of pension plan investment expense, including inflation

Mortality rates were based on PUB2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2023, valuation was based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

➤ **HIS Pension Plan**

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2024, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2024, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The district contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan totaled \$ 7,355,940 for the fiscal year ended June 30, 2024.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2024, the District reported a net pension liability of \$ 135,443,887 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within one year, net of the District's proportionate

share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023. The district's proportionate share of the net pension liability was based on the District's 2022-23 fiscal year contributions relative to the total 2022-23 fiscal year contributions of all participating members. At June 30, 2024, the District's proportionate share was 0.855767290percent, which was a decrease of -0.008499522 percent from its proportionate share measured as of June 30, 2023.

For the fiscal year ended June 30, 2024, the District recognized pension expense of \$50,888,257 . In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,989,589	\$ 318,995

The deferred outflows of resources, totaling \$ 7,355,940 was related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Actuarial Assumptions. The total pension liability in the July 1, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	3.65 percent

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP 2018.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 3.65 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the FRS Actuarial Assumption Conference. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 3.54 percent to 3.65 percent.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.65 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.65 percent) or 1 percentage point higher (4.65 percent) than the current rate:

➤ **FRS – DEFINED CONTRIBUTION PENSION PLAN**

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Annual Comprehensive Financial Report.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2024

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Service retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the Investment Plan member accounts during the 2023-24 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	11.30
FRS, Elected County Officers	16.34
FRS, Senior Management Service	12.67

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2024, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$ 16,177,976 for the fiscal year ended June 30, 2024.

Payables to the Pension Plan. At June 30, 2024, the District reported a payable of \$ 1,642,725 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2024.

11. OTHER POSTEMPLOYMENT BENEFITS PAYABLE

➤ **Plan Description**

The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, employees who retire from

the District, and eligible dependents, may continue to participate in the District's health and hospitalization plan for medical and prescriptions and life insurance coverage. Such provisions may be amended at any time by further action from the Florida Legislature. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at the blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan, on average, than those of active employees. The District does not offer any explicit subsidies for retiree coverage. Retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The OPEB Plan does not issue a stand-alone report, and is not included in the report of a public employee retirement system or another entity.

➤ **Benefit Terms and Employees Covered**

Plan contribution requirements and benefit terms of the District and OPEB Plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. The District has not advanced funded or established a funding methodology for the annual OPEB costs or the net OPEB obligation. As of the valuation date, June 30, 2024, there were 6,175 active plan members and 79 inactive plan members or beneficiaries receiving benefits. There are no inactive plan members entitled to benefits not yet receiving benefits. The District provided contributions of \$ 790,794 toward annual OPEB costs, comprised of benefit payments made on behalf of the retirees for claims expense, retention costs, and net of retiree contributions totaling \$849,070. Required contributions are based on projected pay-as-you-go financing.

➤ **Total OPEB Liability**

The District's total OPEB liability of \$ 15,036,576 was measured as of June 30, 2024 and was determined by an actuarial valuation as of June 30, 2023.

➤ **Actuarial Assumptions and Other Inputs**

The total OPEB liability in the June 30, 2024 actuarial valuation was determined using the following actuarial assumption and other inputs, applied to all periods included in the measurement, unless otherwise specified:

The District selected the economic, demographic, and health care claim cost assumption used in the June 30, 2024 valuation. The current actuary provided guidance with respect to the economic assumptions demographic assumptions, the health care participation rate assumption, and the spouse coverage election rate assumption. The demographic assumptions were based on those employed in the July 1, 2023, Defined Benefit Pension Plan Actuarial Valuation of the FRS, which were developed by the FRS from an Actuarial Experience Study. These include assumed rates of future termination, mortality, disability and retirement. In addition, salary increase assumptions for development of the pattern of the normal cost increases were the same as those used by the FRS.

➤ **Changes to the Total OPEB Liability**

Below are the details regarding the total OPEB liability for the measurement period from June 30, 2022, to June 30, 2023.

The changes of assumptions or other inputs reflect a change in the discount rate from 3.69 percent as of the beginning of the measurement period, to 3.86 percent as of June 30, 2024. The expected claims and premiums were updated to reflect recent information provided for this valuation. Also, the ultimate healthcare cost trend rate was increased from 3.75 percent to 4 percent.

➤ **Discount Rate**

The District has no plan assets held in trust to finance the OPEB plan liability. Therefore, the discount rate in the calculation of the total OPEB liability is equal to the tax-exempt municipal bond rate based on a 20-year general obligation bonds with an average AA credit rating as of the measurement date. For the purpose of the OPEB plan valuation, the municipal bond rate was 3.86 percent (based on the most recent date available on or before the measurement date of "Fidelity 20-Year Municipal GO AA Index"). The discount rate was 3.69 percent as of the beginning of the measurement period.

17. RISK MANAGEMENT PROGRAMS

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Effective May 1, 2010, for property insurance and effective July 1, 2010, for all other casualty and workers' compensation coverage, the School Board implemented a stand-alone program of self-insurance and excess insurance.

The Board established the Osceola County School Board Group Health and Life Insurance Trust to provide for a health, hospitalization, and life insurance program. These programs are accounted for in the District's internal service funds. The program is on a self-insured basis up to specified limits. The District did not elect to purchase the aggregate stop-loss coverage due to the rising premium cost and the high attachment point. The District maintained the individual deductible at \$1,500,000 with a corresponding aggregate deductible of \$135,000 for a total 1st claim exposure of \$1,635,000. The Board has contracted with a professional administrator to administer

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
For the Fiscal Year Ended June 30, 2024

1. BUDGETARY COMPLIANCE AND ACCOUNTABILITY

The Board follows procedures established by State statutes and State Board of Education rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, pupil personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent year's appropriations.
- The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund-function level. The Board made several supplemental budgetary appropriations throughout the year. Supplemental budgetary appropriations are presented in budget and actual comparison statements by original budget and final budget amounts and discussed in the Management's Discussion and Analysis (MD&A).

- Payroll growth, including inflation remained at 3.25 percent.
- The municipal bond rate increased to a rate of 3.65% percent.

Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 3.65% was used to determine the total pension liability for the program.

Notes:

(1) Basis of Presentation. The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Osceola County District School Board under programs of the Federal Government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or cash flows of the District.

(2) Summary of Significant Account Policies. Expenditures are reported on the modified accrual basis of accounting. Such expenditures are recognized as the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(3) Indirect Cost Rate. The District has not elected to use the 10 percent de minimus cost rate allowed under the Uniform Guidance.

(4) Noncash Assistance: National School Lunch Program. Includes \$4,121,626 of donated food received during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.
