

A Gift For Teaching

A Gift for Teaching is a FREE store for eligible K-12 teachers to shop for supplies to be given to children in need in their classrooms. Our mission is to ensure that children and classrooms in our community have the basic tools for learning that students need to succeed. We do this by transferring, at no cost, the community's surplus supplies and merchandise into the hands of teachers and school children in need.

Volunteer your time to help us inventory, sort, and stock donated product. Volunteers are needed to assist teachers during shopping hours.
