The Osceola County School Board and I firmly believe that being fiscally responsible with taxpayer dollars and directing our money to those items that have the most student impact is an investment in the future. After all, fiscal responsibility in a school district is about more than just balancing budgets. It involves making strategic investments in areas that will prepare students for the future job market and a rapidly changing world. By wisely allocating resources, the Osceola County School Board provides students with the necessary skills, knowledge, and opportunities to succeed in their personal and professional lives. We know that students who receive high-quality education and support are more likely to succeed academically, graduate from high school, pursue higher education and post-secondary opportunities, and become productive members of society. By prioritizing funds for student impact, the Osceola County School Board contributes to the long-term success and well-being of students, ultimately benefiting the community as a whole.

Thank you to Osceola County taxpayers who entrust our school district with their hard-earned money to provide quality education for children. Being fiscally responsible builds and maintains trust between the district and the community. It demonstrates accountability and a commitment to using taxpayer funds responsibly, fostering positive relationships with stakeholders.

I firmly believe that being fiscally responsible with taxpayer dollars is essential for the Osceola School District. It allows for the efficient allocation of resources, builds trust and accountability, promotes long-term financial sustainability, enhances student outcomes, supports economic development, and prepares students for the future. By prioritizing responsible financial management, the Osceola School District will fulfill its mission of providing quality education while being good stewards of public funds.

BUDGET CONVENTIONS

ASSIGNED FUND BALANCE:

Unrestricted fund balance in the General Fund is assigned for the following purposes in the priority listed. Any remaining fund balance is unassigned. Items 1 and 2 are included as carryover appropriations each year.

1. Assigned for Contract Commitments – The amount needed to pay the balance of outstanding purchase orders
2. Assigned for Carryover Appropriations – The unspent balances in specific programs that carry forward due to internal policy rather than external requirements, e.g. facility use fees
3. Assigned for Projected Operating Deficit – To fund any projected operating deficit for the next year

NON-SALARY BUDGETS:

Schools are allocated non-salary funds on a per student basis. These are budgeted at the school's discretion to cover non-salary operating costs of the school and may be transferred between accounts as necessary. Allowable expenses include supplies, equipment, substitutes, overtime, travel, repairs, communications and maintenance.

Departments are allocated non-salary funds on a per employee basis. These are budgeted at the department's discretion to cover non-salary operating costs of the department and may be moved between accounts as necessary. Allowable expenses include supplies, equipment, overtime, travel, and communications.

Other non-salary budgets in the General Fund are controlled by project number and restricted for designated purposes. These budgets are controlled at the District level based on School Board priorities and the District strategic plan, and cannot be adjusted by schools or other departments. Expenses from these budgets are reviewed to ensure reasonableness, allowability and compliance with the designated purpose. Examples of these non-salary budget appropriations are the Safe Schools Allocation, Mental Health Allocation, Educational Enrichment Allocation, line items and local grants.

Non-salary budgets for Federal grants in the Special Revenue Fund are administered by project managers within the department receiving the grant award. The Special Programs Department monitors the reasonableness and allowability of expenses from these sources to ensure compliance with applicable Federal, State and local regulations.

OVERTIME:

Overtime for non-exempt staff is recorded in three different categories:

- Straight overtime for hours worked between the employee's regularly scheduled hours per week (37.5 hours for most employees) and 40 hours per week.
- Extra pay for time worked in an assignment different from the employee's normal job. An extra pay contract between the District and the employee is executed for extra pay assignments.
- Time and one-half overtime for hours worked over 40 hours per week.

Overtime is normally not included in the salary budget, but is paid from the non-salary allocations of schools and departments. The average salary for bus drivers and attendants, however, includes overtime as part of the original salary budget.

REIMBURSEMENTS:

Reimbursements frequently occur when salary or non-salary expenditures are originally incurred in one fund or department and are later charged to another fund or department, though a billing process or as an overhead cost allocation. In these cases, reimbursement accounts are used in the fund or department where the original expense was incurred in order to maintain accounting of the original cost. Such cost reimbursements would allow the gross expenditures in a fund or department to exceed the budget by the amount of the expenditures reallocated to other funds or departments. The net expenditures in every fund or department will be covered by the appropriations approved by the Board. Reimbursements typically occur, for example, in the Transportation Department (e.g., field trips charged to schools), in the Facilities and Maintenance Departments (e.g., costs later allocated to Capital Projects), and in other departments for overhead costs associated with the ongoing support of charter schools.

RESTRICTED FUND BALANCE:

The unspent balances in Federal, State, and local grant programs are restricted by external authorities for specific purposes. These are reported as restrictions of beginning fund balance and included as carryover appropriations in the current year.

RESTRICTED NET ASSETS:

In the Internal Service Fund, the balance of unspent appropriations is restricted for the administration and support of the District's group health and life self-insurance and the casualty insurance programs. These amounts are reported as restricted net assets.

SALARY BUDGETS:

Salary budgets include the cost of all wages and compensation, FICA/social security, retirement, and board insurance contributions for all allocated positions.

Position control is a function of the Budget Department. Position allocations and salary budgets cannot be adjusted by schools or other departments. There is an allocated position for all employees that are on the District's payroll and all vacant positions.

For occupied positions, the cost per allocated position is the actual current salary of the employee assigned to that position. The cost of vacant positions is estimated based on the average salaries of employees currently filling similar positions. Bus driver and bus attendant salaries are budgeted at average cost, including overtime.

UNASSIGNED FUND BALANCE:

Unassigned fund balance in the General Fund is allocated for the following purposes in the priority listed.

1. Unassigned – 6% Minimum per Board – Six percent (6%) of the total revenues and incoming transfers in the General Fund per School Board Rule 7.10.
2. Unassigned Fund Balance – Any remaining fund balance not assigned, committed or restricted for other purposes.

NOTICE OF PROPOSED TAX INCREASE

The Osceola County School Board will soon consider a measure to increase its property tax levy.

Last year's property tax levy:

- A. Initially proposed tax levy..... \$244,157,685
- B. Less tax reductions due to Value Adjustment Board
and other assessment changes..... \$ 1,063,659
- C. Actual property tax levy..... \$243,094,026

This year's proposed tax levy.....\$ 293,473,070

A portion of the tax levy is required under state law in order for the school board to receive **\$335,968,263** in state education grants.

The required portion has **increased** by **15.48** percent, and represents approximately **six tenths** of the total proposed taxes.

The remainder of the taxes is proposed solely at the discretion of the school board.

All concerned citizens are invited to a public hearing on the tax increase to be held on August 1, 2023 at 5:30 p.m., at:

School District of Osceola County Administration Center
817 Bill Beck Boulevard
Kissimmee, Florida 34744

A DECISION on the proposed tax increase and the budget will be made at this hearing.

General Fund

FUND 100

GENERAL FUND BUDGET

This fund is often referred to as the Operating Budget.

The major revenue sources for the General Fund are the Florida Education Finance Program (FEFP) and local discretionary taxes. Other significant revenue sources are Medicaid, Workforce Development, Voluntary Pre-Kindergarten, and transfers from the Capital Projects Fund.

Appropriations include most of the District's salaries and benefits, utilities, supplies, technology, transportation costs, and other operating expenses. The District has more discretion in appropriating General Fund revenues than other funds. However, even within the General Fund, some revenue is restricted for specified purposes (e.g., Educational Enrichment, Safe Schools and Mental Health).

Fund balances in the General Fund are the District's reserves against revenue shortfalls, emergencies, and other unplanned needs.

Debt Service Fund

DEBT SERVICE FUND BUDGET

This fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs. Funding sources, as projected in the following pages, consist of the following:

- Federal direct subsidy related to Qualified School Construction Bonds.
- State Capital Outlay and Debt Service allocations used to retire bonds issued on behalf of the District by the State.
- The Board's share of the one-cent local option sales tax levied by the county used to retire revenue bonds.
- The half-cent capital outlay sales surtax used to retire revenue bonds.
- Lease payments from Four Corners Charter School, Inc. used to retire Certificates of Participation issued to construct the Four Corners facilities.
- Transfers from capital projects funds used to retire Certificates of Participation and obligations to the Bellalago Educational Facilities Benefit District.

Capital Projects Fund

CAPITAL PROJECTS FUND BUDGET

This fund reports the revenue and expenditures for construction and renovations of school buildings and grounds. Funds are accounted for by source and year of appropriation.

The Board also generates capital revenue by levying capital outlay taxes. By law, this tax millage is limited to 1.5 mills and is currently set at the maximum.

The District receives educational system impact fees imposed for residential construction.

Based on an inter-local agreement with local governmental entities, the District receives 25% of the revenue generated through the one-cent infrastructure sales surtax levied by Osceola County.

Through a voter-approved referendum, the District also receives revenue from a half-cent school surtax.

Public Education Capital Outlay funds (PECO) is derived from utility taxes throughout the state and are allocated by the Legislature. PECO funds provide for maintenance and renovation of existing facilities and health and safety needs. The District did not receive an allocation for the current year.

Capital Outlay (CO) and Debt Service (DS) revenue is derived from the first sale of motor vehicle license tags.

State funds must be expended on capital outlay projects in accordance with state regulations. These regulations require recommendation of a school plant survey which must be conducted at least every five years.

Special Revenue Fund

SPECIAL REVENUE FUND BUDGET

The Special Revenue Fund is comprised of three major sections: Food Service, Special Revenue-Other (Federal Grants) and Special Revenue-CARES, CRRSA and ARP.

The Food Service Fund reflects revenues and expenditures of the District's school nutrition services (SNS) program. Federal reimbursements and local collections are the primary revenue sources which support this program, as well as some State support. The District does not subsidize the school nutrition services program from any other funding sources.

Funds in the Special Revenue-Other section account for the District's Federal entitlements and competitive grants.

The Special Revenue-CARES, CRRSA and ARP section accounts for Federal COVID relief received through the Coronavirus Aid, Relief and Economic Security (CARES) Act, the Coronavirus Response and Relief Supplemental Appropriation (CRRSA) Act, and the American Rescue Plan (ARP) Act.

Internal Service Fund

FUND 700

INTERNAL SERVICE FUND BUDGET

This fund records the premium revenue and expenditures associated with the District's self-insured group health and life insurance program and casualty insurance programs.

The premium revenue in the Health & Life Insurance Trust Fund is from Board contributions for employee coverage, deductions for dependent coverage, and contributions by retirees for post-employment coverage. The expenditures of this fund are for claims payments, insurance premiums, and professional/technical services.

The District maintains a stand-alone insurance program for workers compensation and property casualty. The District is also self-insured for auto and general liability risk. All of these are accounted for in a separate casualty internal service fund.
